

Wall-mounted inverter split system air conditioning

Installing a split system is an ideal solution to cool or heat just one room or area of your home or office.

Braemar offers a wide range of inverter split system air conditioners to suit your home:

- Premium range includes 5 models, from 2.6 kW to 8.0 kW in cooling capacity. This range is more economical to run than the universal range using up to 9% less energy as well as offering up to 9% greater efficiency.
- Universal range includes 6 models, ranging from 2.6 kW to 8.0 kW in cooling capacity.

The sleek design of the indoor wall-mounted unit will complement the modern surroundings of your home or office.

Premium range
