Strategic Plan Scorecard Season 2017-18

OBJECTIVE

Make Cooloom the safest and friendliest beach	Excellence in the delivery of innovative and effective training programs	Increase surf sports participation to enhance rescue skills, encourage greater fitness and achieve competition	Every member is able to achieve their full potential and is included in all facets of club life	Ensure that we have the financial capability to meet the clubs needs now and into the future	To be recognised as the benchmark by which other clubs are judged
-----------------------------------------------	--------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------	-------------------------------------------------------------------

SEASON ACHIEVEMENTS

11 445 Patrol hours	Trained 46 new bronze members and 18 SRC members	Australian Titles Medals : 4 x GOLD 3 x SILVER 2 x BRONZE 21 Competitors	240 patrolling members	Highly successful charity Golf Day with over 30 teams participating	Continued to roll out member uniform range
65 802 Beach visits	2 new trainer awards	Surf sports coaching program continued	198 Nippers	Achieved on budget financial outcomes	Joint Facilities Committee has progressed master plan to include member amenity upgrade. Council approval process underway
9 815 preventative actions	Members completed 207 new awards	Upgrades to rescue boards, racing boards, ski fleet and surf ski paddles	Successful member functions including: Back to Cooloom Day, Club Captain Party, Christmas Party, ANZAC Day	Debt fully paid down well ahead of schedule	Centenary Committee formed in preparation for 2019
Zero lives lost	Surf Safety School Visits and Presentations		Around 200 people at Presentation Night at Cooloom Primary School	Successfully completed the SL&Q Charity Compliance Audit	
Continued to implement updated patrol uniforms and club patrol rashie	Received training in Corporate Governance, Compliance and Safety		Youth & Cadet YIPS Program continued	Successful Sponsors Appreciation event	Successfully hosted surf boat rowers league carnival and ocean 6 carnival

OUR VISION

The heart of Cooloom since 1919... your club for Life

OUR MISSION

- With pride and passion, we will...*
- Engage the community
 - Uphold the traditions of Surf Lifesaving
 - Maximise every members potential
 - Keep the beach safe

OUR VALUES

- **Unity** – an inclusive and supportive club
- **Fairness** – tolerance, equity & openness
- **Integrity** – in everything we do
- **Respect** – for ourselves, others & the movement

The administration of the Surf Life Saving Club is the responsibility of the Management Committee.

The members of the committee this season were:

President	Fred Stokes
Deputy President	Dan Rogers
Secretary.....	Jodi Quinlivan
Treasurer.....	Ian Norman
Club Captain	Frank Liberato
Cadet Youth Officer	Janet Cullen <i>(June-Jan)</i>
Cadet Youth Officer-Acting	Megan Nagle
Chief Training Officer.....	Gail King
Junior Activities Chairman	Tracey Jackson
Surf Sports Officer	Ernie Burrows

Other Officers in the Club were:

Vice Club Captain	Steve Stockley
IRB Officer	Mark Quinlivan
Transport Officer	Wayne Porter
Surf Boat Captain.....	John Ellingsen
Radio Officer.....	Gordon Lockyer
First Aid Officer	Bruce Moulard
Gear Steward	Mick Sell

President's Report

Well it's been a positive year with all areas of our great club continuing to grow in strength.

Our training is strong thanks to a very dedicated team of trainers and assessors lead by Gail King. The volunteer hours that this group alone dedicate to this club is to be highly

commended.

Patrol team strength is strong with all 14 patrols having plenty in numbers. We are fortunate this season; thanks to a positive recruitment drive by the surfboat section to which bolstered our patrol numbers by an extra 20 members alone.

This year has seen growth in several areas, including sponsorships, fundraising & the generous continued support from our Supporters Club. I am pleased to say that our club is well positioned for the coming season, which includes the upcoming centenary celebrations, new vehicle and equipment purchases and a custom designed Patrol Arena.

I would like to thank our administration team for servicing our clubs ever-increasing needs making the club run as efficiently as possible. I welcome Carla to the fold and

would like to extend a heartfelt thanks to Lorraine who left us this season to move on to bigger and better things.

One cannot help but be impressed and extremely proud of our competition teams this season. We achieved fantastic results across the board from Nippers to Masters including all sections of sand & surf, surfboats, board riding and IRB's. We have had some very extraordinary results at Branch and State titles as well as at the Aussies including a number of national titles awarded. With all this in mind, I can only expect Coolum's newly found competitiveness to continue for many years to come.

With planning well underway for our centenary year in 2019, it's a good time to reflect on the contribution made to the Coolum Beach Surf Lifesaving Club and acknowledge past committees & dedicated volunteers that have laid the foundations of strength and reliability that we enjoy today.

Acknowledgement and thanks must go to the many life members who have contributed to the very fabric of our club and of course welcome our newest Life Member Bruce Dunne and acknowledge the passing of Neil Hargraves who was a true character of our club.

I would like to close by thanking all of our patrolling members for their commitment to patrolling our beach this season and look forward to seeing you all on the beach next season in our centennial year.

Fred Stokes
President

Honorary Secretary's Report

One of the benefits in preparing an annual report is having the opportunity to look back & be thankful for everything that has been accomplished throughout the year.

Our administration team continues to develop new strategies to adapt to the demands that are Surf

Life Saving and the ever-changing checks & balances that are set in place, while continuing to be a constant support to the members of the management committee & fellow club members alike.

Continuing in the role of Member Services is Shane Urban. Shane has been working on the implementation of a new membership process to streamline this for both new and current members. Working tirelessly with our members to enhance their involvement with our club.

Mid way through this year, we welcomed Carla Gilbert to our administration team. Carla has brought with her an impressive history that is serving her well, working on Corporate Governance & Club Sponsorships. Already securing over \$10,000 in new club sponsors, whilst maintaining our existing sponsorship base, including the coordination & running of another successful Club Sponsors Night.

Towards the end of this season we saw a reconfiguration of the administration office, giving both Shane and Carla private working spaces to carry out their duties, this gave our members an area to work on a computer without interruption. It will also provide an ideal space to have small meetings of our volunteers as we move forward on the many projects we have on the go at any one time.

This year has seen the introduction of Team App. This is now our clubs central point for communication and information for all members, the Nippers lead the way with this very useful App & the Active Members are

following their lead, with great results.

The club merchandise range is steadily increasing and all members are encouraged to proudly wear & display our club branded items such as togs, t-shirts, caps, board shorts and towels. Making the purchasing process even easier is the implementation of an admin based eftpos machine, with payments possible either in person or over the phone during admin office hours.

The Annual Brad Reed Design Charity Golf Day was once again a great success, surpassing previous years with over \$17,600 raised. Congratulations once again to all who work so hard to bring it all together.

The requests continued from community agencies for Surf Awareness sessions such as the Under 8s day at Coolum State School and we're very happy to continue the tradition of having representation there. Our club strives to nurture strong community relations with the local Coolum Board Riders club and our local police. Thanks again to the Coolum Police for choosing our club as one of their preferred charity recipients of their annual Golf Charity Day held recently.

It has been both a pleasure & an honour to be a part of the Coolum Beach Surf Life Saving Club Management Committee for the 2017/18 season as Hon. Secretary working along side dedicated & passionate fellow club members that take on the roles they hold with such pride & commitment.

Our club is certainly moving forward towards our centenary year in good hands.

Jodi Quinlivan
Secretary

Patrol Activity

Make Coolum Beach the safest and friendliest beach

Club Captain's Report

First of all, I'd like to take this opportunity to say "Thank You" to all you dedicated members that make this awesome club what it is. A friendly, joyful environment of kind and caring people within the Coolum Beach community. Always willing to go the extra mile if need be.

Thank you everyone, from our up and coming future lifesavers (Nippers), to our youth (Cadets) already on the job earning their stripes, to all our active seniors and particularly our patrol captains that are the pillars of our patrol teams, our trainers and assessors, for the endless hours they put in, not to forget our coaches whose efforts give our member honed skills and confidence to face anything the ocean throws at them on patrol or in competition, All the Committees, from lifesaving committee to the supporters committee, right through to our Nippers and of course our admin team. Without your dedication, passion and commitment we wouldn't be able to do what we're he to do - "keep our beach safe". I would also like to thank our supporters club staff for their hard work that earns the funds that provide our vital rescue equipment.

Preventive action is what it's all about, I'm sure you'd all agree. Vigilance, quick action, cool heads and good communication within the patrol team and with the public in general. Cautioning swimmers of potential danger before they get in trouble, rather than rescuing them when they are.

I know here at Coolum Beach we have performed those duties diligently, with zero drownings between the flags. So that's a good season in any clubs books. Again I thank you all for the countless voluntary hours you've given to our club and our community. Keep up the great work!

Whether you've performed a rescue yourself, or assisted with one, or been on patrol whilst one's being performed, it doesn't really matter as without your involvement such as supervising the other swimmers or helping to launch the IRB, down to directing an Ambulance to the patient, it makes no difference. Your participation is invaluable, it's what keeps the patrol "team" operating while the you know what hits the fan! Being part of the patrol team is what makes a difference. What we do for our community does make a difference. As we all know a beach can't open without each and every one of you, doing your part. There is no "I" in team. It takes everyone to do what we do. It's always a team effort.

Again I thank you all. It's been a pleasure representing you all. It's also been a bit of a steep learning curve for me in my first year as club captain and I thank you all for your cooperation, patience and support. Hopefully, you all feel I've done a good job as your representative and you'll invite me back to take the reins again next season to help guide our club to excellence, both on the beach and within the ranks of the surf lifesaving movement.

Looking forward to seeing you all between the flags next season!

Frank Liberato
Club Captain

Surf Sports

Achieve medal winning status and competitive teams at all competition levels at title events.

Surf Sports Officer

Last season was a "Kracka" for Surf Sports but this year has been a "JM" Just Magnificent with numbers once again on the increase in all areas – Boat Crews, Masters, IRB, Youth and Board Riding. Branch Titles were held at Mooloolaba, the club

came away with a bag full of different colour medals. The trend of winning medals followed on to the State titles. The final hurdle for the season was far away in Perth "THE AUSSIES". Another great result with the girls coming away with solid results. There was no holding back with the flow of medals coming from beach and water. The boys also made us proud reaching finals making them in the top 16 in Australia.

This has been the second year Greg has looked after the Master's group with a great outcome. A special thanks to Emma for looking after the nominations for the carnivals it's a big task. Another great year for our mature age members (Basil and Ken). With their performances at carnivals, it shows that they just keep going on and on. With the trip to Perth for the Aussies for them, it was never going to be an option but look out next year when they are closer to home.

The great team environment made it easy for the management of the equipment, water safety and tent at carnivals. Coaching has been great with several senior members helping out. A big thanks for the effort. Our biggest challenge next season is finding officials to help out at carnivals. I think the 50/50 equipment buy back scheme has been a huge success and will continue into next season.

The ski group is slowly growing within Coolum Beach from Bobby's influence and with several members from Brisbane showing an interest.

Special thanks to all competitors who represented our club with great success. Mick who should be known as

"Batman" has done an outstanding job with the equipment maintenance.

BURSARY

After several years of planning and discussion, the bursary is up and running. The thought behind the bursary is to give financial support to some of our junior and cadet members, with the hope that we can lessen the financial burden on the families and help retain them in the club.

Due to the charity golf day run every year by the club, it has given the bursary long-term funding. The bursary is broken into four \$500 grants with two going to the nipper section and the other two for the youth section. Club members who gain the bursary can utilise the funds to help in their pursuit in surf sports or lifesaving activities. This year the funds went to Ronan and Locki in the nipper section and was used to help fund the purchases of fibreglass board for carnivals. The other went to Kirra a youth member who is using the funds to help with accommodation and travelling costs with the IRB racing team. The young members of our club are our future and if the club can help in any way we will endeavour to do so. Good luck to all who received the bursary for the season just gone and good luck to all for the upcoming season.

ACER CAMERON

At 6am sharp with specialist judges in attendance, the games began. The surf was large out the back with a small chop in the gutter but this was not a challenge for our seasoned competitors and a mixture of new and mature aged members fighting for the trophy.

With another near record entry for the event we required heats, semi-finals which then lead to the final.

The heat was on from the start with some of the well-known names falling away due to the pressure. Heats and semis went by with the numbers decreasing rapidly until there was "The Final" The final was like no other with members fighting all the way to get ahead on points with little to separate the top three. Then it was over and yes no result after the count. Both judges made the decision as stated in the rules we need a count back. Yes after the count back still no result. Another count back finally a winner. The Acer Cameron winner for 2017/18 season was Mick Sell.

CLUB CHAMPIONSHIPS

Club Championships were held on the same day directly after the Acer Cameron. Once again another great turnout of members wishing to compete for the prize and naming rights as top patrol team.

The conditions were better than last season which lead to a good contest. The first event held was the board rescue and highlighted unusual skills from all members involved.

Chris Atkinson coming from a stint on the jet ski showed great skill on the patient pick up behind the buoy with double tube. Next was the boat rescue a new event hoping we could tease the boaties in but sadly failed. With some of the sweeps showing some great skills, they rounded the cans and found their way back to the finish line. One comment from a crew member "it's hard facing the direction we have just come from and walking backwards". A special thanks to Mick for the outstanding workmanship on the two boats. (The tug of war trophy was won by Patrol 2 and taking home the President's Cup this season is Patrol 7). There are so many events to be involved with next year so get involved all the way from the grassroots Nippers to the boaties.

To Shane and Carla, a huge thanks you for your support over the year. THANKS.

See you on the beach.

Ernie Burrows Surf Sports Officer

Surf Boat Report

After a break of almost thirty years from the position of Surf Boat Captain, it gives me great pleasure to once again present my report for the 2017-18 season.

THANKS TO THE SWEEPS:

Pat McGuire was the main mover and shaker in this department. Pat's recruitment skills are legendary and the evidence of this is the number of quality crews that we had on the water this season.

Paul Schloss was the quiet achiever. He trained and managed two Brisbane based crews and managed to produce some great results.

Doctor Harry Baxter was a brand new sweep at the beginning of the season and his skills improved markedly as the season progressed. The Survivors, masters crew mentored Harry and rumour has it that Harry's main motivation was the 'Carers Allowance' which he received for looking after four old people.

THANKS TO THE CREWS:

1. Women's Reserve grade; Rachel Reiser, Phoebe Child, Erin Smith, Sophie Gruhl and sweep Pat McGuire.

2. Men's Reserve grade; Jack Williams, Ben Tisdall, Aaron Haringcaspel, Ash Dighton and sweep Pat McGuire.

3. Men's Reserve grade; Shane Mackenzie, Dave Demarco, Tom Swete Kelly, Nathan Goldstone and sweep Harry Baxter. Due to a career opportunity and relocation, Nathan stepped down and Harry stepped up with Paul Schloss taking over as sweep.

4. Women's Under 23; Lauren Robinson, Courtney Dean, Isabelle Evans, Lydia Ryan, Greer Forrest and sweep; Paul Schloss.

5. Women's Under 19; Abbie Hurnall, Kennedi Clayton, Allison King, Maya Norris and sweep Paul Schloss.

6. Masters 260 years; John Ellingsen, Gary Barben, Ron Trembath, Bill Sharry and sweep Harry Baxter.

7. Masters 200 years; John Markwell, Chris Johnson, Mark Dunning, Dan Rogers and sweep Paul Schloss.

We also had a Mens Under 19 crew at the start of the season but due to circumstances, this crew did not continue.

Tom Kibble was selected in the Junior Wallabies Rugby team and was unable to continue with the surf boats. We wish him well.

THE HIGHLIGHTS:

Pat McGuire's Women's Reserve crew was selected as the Queensland team to compete in the interstate competition at the ASRL Open at Elouera in NSW. The girls blitzed their opposition and won by a country mile.

I also make mention of how impressed we all were of how all the girl's crews including the little Under 19 girls performed in the big surf at Elouera. The waves were two metres high on the sets. Well done girls and boys.

Our crews came away from the Qld. championships with two Silver medals and two Bronze medals. Well done girls and boys.

THANKS TO OUR SUPPORT TEAM:

Gary Barben never ceases to amaze us with his work ethic in relation to repairs, maintenance, logistics and many other areas. Thank you, Gary. Thanks to our general carrier, Ron Trembath. Ron has been kept busy transporting gear for repair to and from Croker Oars in Taree. Ron, we appreciate your work. Thanks to Bill Sharry for his help in Brisbane training crews on the river. Chris Johnson put his wood-working skills to good use in repairing our timber sweep oars. Thank you, Chris. Surf Sports Officer Ernie Burrows, Administrator Shane Urban, Chief Training Officer Gail King and also Life-member, Brett Glister were all part of the support network that assisted the boat section in our endeavours. Many thanks to all concerned.

We look forward to the future with confidence, knowing that some of our new recruits possess the leadership qualities to take us forward.

John Ellingsen Surf Boat Captain

IRB Report

In our ninth year of racing, our IRB team has continued to give both masters and young competitors the opportunity to be involved in a high energy

and exciting surf sport during the off season and winter months. While the air and water temperature cools off, the competition and comradery during Ocean Roar series and State and Aussies titles, heats up.

In 2017 we again fielded three Masters racing teams of Alistair & Jason, Shane and Frank and Fred and Mark. We had two Under 23 teams of Caralee & Poppy and Bryce and Liam with Lucas. These teams also competed in many open events along with our Open competitors of Mitchell and James. Our patients were Phoebe, Nakita, Kirra, Caleb and Dan. Keeping us in check were our Team Captains of Warren and Fred along with Team Manager Jodi. Coaches Shane and Fred saw that the teams were ready for their assault on the Ocean Roar Series then the State and Aussies.

The Ocean Roar series saw some excellent results from each of the 5 events in the series. Round 1 at Burleigh Heads saw Fred/ Mark and Phoebe win their Surf Rescue final, and place third in Teams Rescue with Alistair/ Jason and Caleb. Fred/Mark and Kirra/Phoebe also placed 4th in their Mass Rescue final. Other teams who made their finals were Caralee/Poppy and Bryce and Bryce/Mitch.

Round 2 saw the competition at Mudjimba. Fred/Mark with Shane/Frank with Phoebe and Caleb narrowly missed gold in the Teams Rescue final with the teams of Bryce/ Liam and Caralee/Poppy with Kirra/Nakita making their

final in the U23 Teams Rescue and Fred/Mark with Kirra/ Phoebe making the Masters Mass Rescue Final.

Round 3 was a trek to Rainbow beach with Shane/ Frank with Caleb securing 4th in their Masters Surf Rescue final and were joined by Fred/Mark with Phoebe to get 5th in the Team's Rescue final. The competition was tough but most teams made it through to quarter finals.

Bribie hosted round 4 with Fred/Mark and Shane/Frank with Phoebe/Caleb securing 3rd in the Masters Teams final. Shane/Frank and Caleb held 4th place in the Surf Rescue final while Fred/Mark/ and Kirra/Phoebe and Alistair/Jason and Nakita/Dan also made the final of Masters Mass Rescue.

The last round was held at Broadbeach with The Masters Team of Fred/Mark and Shane/Frank with Phoebe /Caleb winning their Teams event. Shane/Frank and Caleb/Poppy came 4th in Mass Rescue with Fred/Mark and Phoebe/ Kirra also making the final. The tables were turned in the Surf Rescue final when Fred/Mark and Phoebe just pipped Shane/Frank and Caleb when they came 5th and 6th respectively. With these continued finals berths, the team was on a high with strong results in the lower rounds and were ready for the State Titles.

State Titles were held at Kawana Waters and with high expectations of strong results the team at their home coast gave it their all. With stiff competition from the rest of the state, it was great to see Fred/Mark and Phoebe/ Kirra making their Semi-final in Mass Rescue and Caralee/ Poppy and Bryce their Semi in Tube Rescue. The team now set their sights on the Aussie titles to be held at Kingscliff NSW.

Conditions were trying at times at Kingscliff with both wind and swell testing all competitors. With Masters Competition finally added to the program, it was fantastic to see Fred/Mark and Phoebe/Kirra made it to the Masters Mass final and be amongst the best racers in Australia. In the Open competition Bryce/Liam and Lucas won their first heat and made it to the second round of Tube rescue as did Bryce and Liam in their Mass Rescue with Poppy and Phoebe.

The season had many highs with one being the immediate success of Mark Quinlivan as Warrens replacement as Fred's crewie. Mark had some very big shoes to fill after many successful seasons as Freds go to crewie. For Mark to make it the final in his very first carnival and to win it, along with making the very first IRB Masters Aussie final is to be congratulated.

For many the 2017 season was their swan song or "Gap Year" as competitors so we thank Warren, Caralee, Poppy, Phoebe, Nakita, Bryce, Lucas and Liam for the years of competing with the team and Jodi for her team management and wish them well and look forward to another great season in 2018.

Fred Stokes IRB Captain

Boardriders Report

Coolum Beach hosted the Queensland State Boardriding titles in January this year. The turnout of members from the club was smaller than previous years due to several members away on holidays. The younger group coming through showed some potential.

The conditions were small

with little to offer the competitors however the Coolum Beach crew competed well and achieved several medals and our master female Jodie finished with a respectable fourth and fifth place on the short and longboards. Jodie was warming up for Aussies. This year it was a first for several of our younger boardriding members who represented the club and achieved great results. Well done Tobias and Harvey.

Training through the year was well attended but highlighted the need to up the ante in regards to quality training for all members.

A group of 8 from the team attended Aussies in Perth with all making finals and a bag full of medals found their way back to Coolum Beach. Several of our young guns performed well with Finn Walsh winning a national title in the U14 shortboard final and Toby Andrews taking bronze. With a great lead up in the State championships, Jodi showed that it was not a fluke at State by bringing home the Gold twice at Aussies. Bruce once again peaked at the right time and now holds 4 National Long Board Riding Titles that have been won in consecutive years. All other members performed above expectations and did the club proudly. Well done Toby Andrews, Will Dunne & Liana Walsh and Toby Andrews taking Bronze.

Paddy Lynch Board Riding

Beach & Surf Report

It was a great year for the surf sports group which now has 30 plus members. We competed at Branch, State and Aussies Titles during the year with good results. The group was well supported by the Management Committee over the season and we would like to say thank you to Ernie and the Club Exec for their support.

At Branch titles, there were a number of new members competing this year. We sent 27 members to the branch titles and received 25 medals. At States we had 21 competitors attend and won 17 medals. We also had 12 people attending the Aussie titles at Perth in April with the surfboard riding team bringing home a number of medals. Our older members Basil and Ken are showing the younger member's the winning way and our women's group have outperformed the males all season.

A special mention goes to the club officials who supported us at our carnivals. Without their help the surf sports group could not have competed.

The group has benefited from our new coach Mick Nagle's guidance and all members have reported big improvements training under him. As well as Mick, we had Karen doing swim training at the pool and Chris Atkinson helping with beach running. A vote of thanks goes out to these people for the time they have put in.

During the year a number of people have helped out and we could not have functioned over the year without their help. Mick Sell did a great job as the Gear and Equipment Officer. Bobby also organised the Surf Ski's this season and we are starting to get a group of dedicated ski paddlers together. Many other people provided help during the year and without everyone's input, the season would not have been so successful.

We have started to do some serious fundraising this year with events such as the Bunnings Sausage Sizzle, Weet-Bix Kids and Noosa Tri being supported by the members to raise funds for the club.

Greg Bott Board Ski Captain

Carnival Results 2017-2018 Championship Season

AUSTRALIAN LIFESAVING CHAMPIONSHIPS

Gold Medal

- 50+ Male Malibu Long Board Riding – Bruce Dunne
- U14 Male Board Riding – Finn Walsh
- 40-49 Female Surf Board Riding – Jodie Waring
- 40+ Female Malibu Long Board Riding – Jodie Waring

Silver Medal

- 50+ Male Malibu Long Board Riding – Patrick Lynch
- 30-34 Female Beach Flags – Kate Tomba
- 140 Female Beach Relay – Heidi Dunne, Emma Rahui, Kate Tomba and Jodie Waring

Bronze Medal

- U14 Male Board Riding – Toby Andrews
- 45-49 Female 2km Beach Run – Jodie Waring

STATE BOARD RIDING CHAMPIONSHIPS

Silver Medal

- U14 Male Board Riding – Finn Walsh

Bronze Medal

- U14 Male Board Riding – Toby Andrews

Boat Captain's Trophy

IRB Trophy

Surf and Sand Trophy

of Surf Sports at Club, Branch, State and National Level. Another much deserved winner.

Life member Mick Daly brought the house to silence as he spoke of the many fine reasons Bruce Dunne was awarded his Life membership. After receiving his Jacket and Pin a normally well versed Bruce was almost speechless and glassy eyed as he thanked the club for this prestigious acknowledgment. Bruce invited his entire family to share the moment with him which in turn left many audience members glassy eyed.

The lifesaving awards kicked off the evening with an acknowledgement to our Patrol Captains, followed by each PC awarding their best patrol team members.

Congratulations to Andrew Price who was identified as our most promising new member. Congrats too to our youngest and joint award recipients Ben Campbell & Faith Liberato along with Oliver Sweetman & Isaac Ruscoe, our Junior and Cadet Lifesavers of the year.

This year's Class Ass award was given to Peter Gardiner for his unique Arena towing skills.

This year's Club Championships was another success with the Presidents Cup being won by Patrol 7 and the Tug of War Trophy was taken home by Patrol 2.

Gary Barben who stepped in for Boat Captain John Ellingsen who wasn't able to attend for the first time in recorded history, welcomed on stage the Coolum Chums to be presented by Paul and Denise Rutledge the winners of the Michael Rutledge Memorial Trophy along with The Coolum Jettets who won the Surf Boat Captain's Trophy this season.

Our IRB annual Trophy was awarded to Mark Quinlivan who in his first year of racing produced some amazing results.

This year's Presentation Night was one of our most successful evenings, both with the trophies and acknowledgments presented and with the new venue. Club President Fred said he was stoked (pardon the pun) with the relocation to the Coolum Primary School hall as it ticked many of the boxes needed due to the increasing attendance at our awards night and the need to secure a suitable venue for our Centenary year celebrations in 2019. Everyone could hear and see the presentations and plenty of room to move and mingle.

The night had many highlights including the presentation of the clubs top award – The Dave Cush Meritorious Trophy, to a very deserving and very agile Mick Sell. The near 200 members in attendance all agreed that Mick was a much deserved winner which capped off a big night for Mick who also received the inaugural Surf and Sand trophy for contributions to the every growing surf Sports section and in particular the Masters competitors, along with winning by double count back the Acer Cameron trophy contested on Club Championships day.

This year the best Club Patrol member's trophy was elevated to the top 3 awards and was rebranded the Dick Luggie Trophy in remembrance of his heroic but sadly tragic and final rescue on Boxing day 1948. Showing the dedicated and diverse demographic and geographic make up of our patrol members, Janina Cook who won this award, travels each weekend from Brisbane for to attend patrols, topped our patrol hours this year with over 120 volunteer hours. Sadly Janina couldn't attend but the trophy was accepted by Club Captain Frank Liberato on her behalf.

The Sting Zillman Trophy criteria was clarified this year to acknowledge Service to all surf sports and was awarded to club stalwart and most humble, Sharleen Swan who has been involved (and still is) in just about all aspects

Training & Education

Excellence in delivery of innovative & effective training programs

Excellence in delivery of innovative and effective training programs.

It has been another busy year for the Coolum Beach TAF (Trainer, Assessor, Facilitator) Team providing the education, upskilling, new awards and annual skills maintenance for our Coolum

Beach members as well as the community.

Our team of 18 trainers and assessors have once again put in huge amounts of their personal time and effort. I would like to thank each and every one of the team for their massive contribution and support throughout the past season. The additional time these members dedicate to our club improves the skills and knowledge of our patrol teams and ensures the ongoing operational status of our beach throughout the season. As members take time off during the winter season the TAF team continue with their diligence in training Bronze courses, Surf Rescue Certificate courses, SRC camps, Skills Maintenance, 4WD courses and maintaining their own professional accreditations.

This year Trainers are expected to upgrade their Certificate IV in Training and Assessment to be compliant with national standards.

Thank you to our training team of Jarrod Sweetman, Mick Nagle, Ernie Burrows, John Roderick, Russell Carr, Cathy Duncan, Brett Glister, Greg Whiteley, Shane Urban, Fred Stokes, Frank Liberato, Alison Smithies, Chris Smithies, Paul Hammond, Jim Dolan, Anthony Waring and Mick Daly.

Many of our courses can't be run without the assistance of water safety and IRB Drivers. To all of you that assisted with our courses this season, Thank you.

Congratulations to all members who have gained a new award this season. I encourage you all to upskill and take advantage of the free nationally accredited courses and training available to you.

I have made a concerted effort to plan ahead for courses and Skills Maintenance for the upcoming year. An annual training calendar can be found on the Coolum Beach Surf Life Saving Club website allowing members to book directly into their preferred course. I have scheduled our Member Skills Maintenance from August through to December 2018, so get in early and register your booking to take advantage of the winter conditions.

Thank you to my friends and colleagues on the Coolum Beach Management Team!!! A great group of guys spending many late Monday nights discussing, strategising as to the best policies and procedures to protect our beach, the public and uphold the high standards of the red and yellow.

This season as a team we have achieved our aim of zero preventable deaths on Coolum Beach, due to the efforts of our very vigilant patrolling members.

The provision of lifesaving services on Coolum Beach continues to be our key objective and our patrol groups did another outstanding job this season keeping our beach fatality free. A significant amount of work goes into ensuring our beach is safe every season and thanks to our diligent Life Saving Committee, patrol captains and lifesavers along with our professional staff of Shane and Carla.

The education of our members has developed significantly over recent years with a professional approach taken I thank them all for their contribution to the club and its members.

Well done Team...thank you for a great season!!!

The heart of Coolum since 1919... your club for Life 

Junior Activities Chairperson's Report

I would like to take this opportunity to thank all committee members throughout the season for their time that they have given freely to the club. It has been a pleasure to have worked with all of you to help make the season successful – Emma Andrews, James Blackmore, Alice Sweetman, Carolyn Johnson and Emma Rahui. I would also like to

make a special mention to both Mel Hall and Chrissy Marris Whiteley for their extended support throughout the season. To all of our age managers, water safety, officials, team managers, gear steward and BBQ team we also say a very big thank you.

We cannot function without the ongoing commitment of parents who are able to put the many hours of hard work in to make it all happen so Thank You.

SEASON VISION

We aim to be the first choice for children and their families wanting to participate in Lifesaving in a family-friendly environment.

SEASON MISSION

We are dedicated to a program that is ideal for all children, to:

- grow their skills to be safe at and enjoy the beach
- become surf lifesavers
- compete at surf carnivals
- We cherish and encourage family participation and support every child to be their best.
- We do not compromise on child safety.

SEASON APPROACH

During the Lifesaving season we:

- Operate a Sunday morning program designed to teach surf and beach skills, improve general fitness, and introduce basic surf lifesaving.
- Offer mid-week skills and fitness training for those children wishing to extend themselves.
- Participate in local and state based inter-club carnivals.
- Assist children to transition into Coolum Beach SLSC Cadets, senior competition, and Lifesaving patrols.
- Train and develop the skills of our volunteers so they can be their best.
- Have as much fun as we possibly can.

SEASON HIGHLIGHTS

The committee have endeavoured to make ongoing improvements to our Nipper program across the whole season, here are a few of the positive outcomes:

- Introduced early proficiency days for returning nippers so preseason training could commence.
- Improved communication to nipper families through the introduction of Team App.

- Improved nomination structure for carnivals.
- Improved layout of the Gear Shed as led by Mick Sell.
- Purchased 6 nipper short boards, 2 foamies and one racing mal, plus one second hand racing mal.
- Approved allocation of space in Senior Shed for U14 training boards.
- Introduced Twilight Nippers to provide a social environment for nipper families.
- Introduced Coolum Nippers Clean Up to bolster our nippers commitment to our clean coastal environment.
- Increased training opportunities for all nippers across the season.

NEW SEASON OPPORTUNITIES

Education and Age Awards

One area that still requires improvement is in education of our age awards, each year nippers are to be provided learning opportunities of many different areas of knowledge and skill. This continues to provide a challenge for Age Managers and more support would be beneficial. This is a great opportunity for next year's committee.

Surfing

We have dabbled over the last two years in introducing surfing opportunities for our nippers. This is a part of our sport and many clubs on the coast include surfing in their Sunday morning program and help to promote the competitive opportunities. A regular surfing opportunity might be something to help retain older nippers but also be helpful to those younger nippers that are still trying to increase their confidence in the water.

Training

This season has bought many positive elements to our training program and identified some weaknesses. As our club grows and our nippers improve in their skill base we need to provide a balance of opportunities for those that wish to develop lifesaving skills and those that want to improve their competitive outcomes.

Another opportunity for next year's committee is to look at how we as a club move forward on paid coaching versus volunteer coaching. All members of our club deserve to be provided the same opportunities.

Nipper Bursary

This year saw the development of a bursary for youth and nippers through our Surf Sports department. This needs to be clearly communicated to our whole club to ensure transparency of what is available and ensure final selection is fair and reasonable for all. This is an opportunity for improvement for next year's committee.

CONCLUSION

Overall Coolum Nippers experienced a great season full of personal bests, confidence builders and some amazing stories of nippers tackling their fears. Thank you to all parents who have provided support throughout the season.

Cadet & Youth Officer's Report

It's been an exciting 2017/2018 season for the cadet/youth members. As the acting Youth and Cadet Officer, I officially took over at the start of 2018 as Janet Cullen and her family moved to the USA. Janet has done an amazing job over the past couple of seasons and she will be missed by everyone in the club.

Just as in the previous season, we have again seen an increase in the number of cadet/youth members with 11 completing their SRC certificate at camp at Noosa North Shore Retreat and 15 new cadet/youth bronze members. Congratulations to all who received their new qualifications this year. It's great to see these new members patrolling and taking part in various club opportunities such as IRB training, boat rowing and various surf sports activities.

We had 7 members participate in this year's Camp Commando at Mapleton and 1 member attending as a mentor, more than we have ever had! The kids had a great time with cadet Oliver Sweetman saying it was "fun, a great experience and activities that encouraged team building". The youth/cadets were able to meet members from other surf clubs which made for some good networking and friendship opportunities.

This year's youth/cadet members participated in various events and carnivals over the season including Aussies which was held in Perth in April 2018. We had 6 youth/cadet members travelling over to Perth to compete in various surf sports activities including IRB, boat rowing and surfboard riding. We have had members of all different ages get involved. It's great to see the enthusiasm and

dedication coming from this age group. We are excited to have the opportunity to purchase three new boards this season as we have more U14's than ever before, transitioning out of Nippers into the youth/cadet space.

The YIP'S program was continued this season with monthly winners. Thank you to Coolum Raw Energy for your donations of \$20 monthly prizes. The YIP'S program is designed to keep the youth/cadets involved in our club and be rewarded for their ongoing volunteer efforts.

We have some youth/cadet members help with fundraising for this season such as the 200 Club fundraiser which was an opportunity for these members to show their support to the club outside of their usual competing and patrolling activities.

There were monthly social activities held this year including the very popular Lasertag, pizza nights up in the club restaurant and the pancake breakfast. I plan to continue monthly social events for these members as the social aspect is an important part of keeping members engaged. Plans are already in place for setting up social events and trips in the 2018/2019 season.

Along with monthly social activities and trips, I would like to focus on the camp opportunities available to the youth/cadet members. There are opportunities throughout each season which can further develop and enhance their skills as surf club members, in leadership and team building.

Thank you so much to Janet for your involvement and commitment to the youth/cadet members and for the time you spent developing this area of our club. I would also like to take the opportunity to thank the club administration and parents involved this season. Your help is greatly appreciated! Bring on the 2018/2019 season!

Meg Nagle

Acting Cadet/Youth Officer

Gear Stewards Report

At the start of the season, the Club donated to India one IRB fully equipped ready to go and two rescue boards. The club also donated two rescue boards to Marcoola Surf Club with the two new Kracka rescue boards in their place and another two ready to be picked up.

This year has seen the surf sports get even bigger and the 50/50 board and ski purchase worked well. The club and seven patrolling members have purchased six new racing MAL's and a new ski. We have also bought a second-

hand racing MAL, and a few other racing MAL's were sold to some of our members.

Thanks to all patrol members who take the time to look after all of our equipment and make sure it goes back in its right place ready for the next patrol.

Much Appreciated.

Your Gear Steward,
Mick Sell

IRB Officer Report

Thanks again to all the IRB crewies and drivers for their dedication and service this season.

We had another successful season with full patrol strength in the IRB department owing to the training of new crewies, we also helped out Marcoola & Mudjimba by training some of their members at the same time to help them cover their patrols. As well as training new drivers that bolstered our IRB patrol strength. A big thank you to those guys and girls that stepped up for those awards. Thank you to Fred, Shane & Frank for facilitating the training of those awards.

We pensioned off one of our older IRB's, Nitro bought & donated by the late Rene Velstar who owned Nitro drilling across the road. We donated it to a good cause, believe it or not it went all the way to India, of all places as SLSQ are working with them to educate and strengthen their existing patrol service.

Again thanks for your dedication & efforts for the season,

looking forward to seeing you all back on the beach next season!

Regards

Your IRB Officer
Mark Quinlivan

Radio Communications Officer Report

Hello Fellow Club Members,

It has been another successful season with our radio inventory quite strong at the moment thanks to the valuable support from our financial sponsors. The newer digital radios have been working quite well and through the care and diligence of our radio operators, our equipment remains in excellent condition.

There continues to be a strong number of current radio operators being upskilled along with increasing numbers

of perspective radio operators. If I can help with any worries or concerns when you put your new skills into practice I'm always here to help.

Thanks for being such a strong communications team this past season and I look forward to seeing (and hearing) you all again in the tower next season.

Gordon Lockyer

Coolum S.L.S.C. Radio Officer

Transport Officer Report

If you are like me, you would ask why we need a 'Transport Officer'. I quickly learnt that through our many and diverse activities, from surf arenas and surf boats to jet skis and carnivals, we manage three motor vehicles, a supporter bus and ten registered trailers. Many thanks not only goes to our sponsors but to the members who gave their time to assist in maintaining and cleaning of our various vehicles.

In the off-season, we are having a shiny new custom built arena trailer built which will be ready for carnival season. Also, due to our generous sponsors and

supporters club, we are able to upgrade the Suzuki to a Hilux extra cab which will allow us greater flexibility when it comes to towing the Surf Boats, Jet skis and gear trailers. Unfortunately, the Suzuki wasn't up to these tasks.

I'd also like to say a big thank you to our active members who use the new built-in ducted vacuum and hose to thoroughly clean our vehicles of sand and salt, keeping the gear in great working condition.

Wayne Porter

First Aid Officer Report

As the Lifesaving season comes to a close, I would firstly like to thank everyone for their efforts in maintaining a high standard of care within the First Aid field. We have had the pleasure and honour to host several high profile carnivals at Coolum Beach this season including the Ocean 6 incorporating the Ironman/women Series and simultaneously the Navy Surfboat Series round in October 2017. It was a fantastic show of pride in our club with so many members volunteering to make that event run so smoothly and efficiently. A special mention goes out to Gail King, Lindsay Croften, Sam Heighway and Colin Leach for stepping up and beyond your basic club roles to represent our club so superbly in the First Aid arena.

Yet again in January 2018, Lindsay volunteered his time over the weekend to support the Queensland State Board-riding Titles. A very big thank you to Teri Rahui who stepped up to the ART role representing Coolum SLSC to support the Queensland Club Championships at Maroochydore in March. I continue to be inspired by these special SLSC volunteers who give so much time and energy to serve the community and enhance the Coolum Beach SLSC name in the community.

This season I have become even more aware of Coolum

Beach SLSC's massive investment in First Aid resources that are provided by club funds, and how quickly this specialised equipment and resources are consumed and /or deteriorate through the season. I encourage everyone to leave messages on the First Aid Room whiteboard advising me of what has been used and/or may need attention or replacing. I also welcome any suggestions as to how things may be improved, and thank all members for assisting in the maintenance of our First Aid equipment and First Aid room.

Through our Chief Training Officer Gail King, Coolum Beach SLSC remains focussed on providing educational programs for its members as a significant step to improve safety through knowledge and by practicing the necessary skills to manage beach rescue scenarios. This, in turn, develops calm and decisive responses in delivering positive outcomes to any emergency situation.

When it comes to being a member of Coolum Beach SLSC, please remember:

"Don't just be part of the red and yellow movement – be the momentum."

Bruce Mouland

Centenary Report

On Easter Saturday back in April 1919 the first patrol of Coolum Beach was set up by members of the Royal Lifesaving Society. After that local legends like Jack Morgan and Fred Stumers began volunteer patrols which laid the foundation for the club we know and love today.

With only one year to go until the clubs Centenary Celebrations, I am pleased to report that plans are well underway for a range of centenary events in 2019. Some of the progress so far on the centenary preparations include;

- the Centenary Committee has been established to drive our preparation
- the Centenary Celebration logo has been developed and will be used in all centenary communications (see below)
- we have set up the Past Active Member category to re-connect with the thousands of members who made the club what it is today
- plans have been prepared for the four main centenary events;
 - o official launch of Easter 2019
 - o Centenary Annual Dinner in May 2019

- o Centenary Gala Community Event in September 2019
- o our biggest ever Back to Coolum Day in October 2019

Some of the things you will see in the lead up to our Centenary season will include ...

- regular member (including Past Active) communications about what is happening and a reminder on our proud traditions and history,
- launch of a range of Centenary merchandise to recognise the milestone
- development of a "back to the future" competition strip for season 2018/2019 which will take us back to the original sky blue, red and white heritage colours of the club
- on ongoing communication program through local media to develop community interest and awareness.

As one of the oldest clubs in Australia, 2019 is a great opportunity to not only celebrate the efforts of everyone who has made the club what it is today but to also look forward to the next 100 years of keeping Coolum Beach safe.

I look forward to an amazing season as we celebrate our Centenary and encourage every member to be actively involved in the celebrations.

Kate Stockley

Centenary Committee Chairperson

The heart of Coolum since 1919... your club for Life

Joint Facility Report

It has been a positive year for the Joint Facility Committee and it is pleasing to report that the key strategic initiatives to take the surf club facility into the future and provide a first class facilities for all members are progressing favorably.

1. Second property - the surf club's off-site property strategy to accommodate the clubs growth and

increasing demands on the club has responded to the suitable real estate opportunities available. The original approach of a surf sports storage and training facility at Quanda Park industrial precinct complimented with a "community co-operative" initiative with either the police precinct or the fire station has now changed. The club has been fortunate to purchase a 1ha free hold property on Yandina Coolum Rd which is in close proximity and has the capability to accommodate all of the club's needs with excellent future development potential.

2. Club refurbishment - the final major stage of the club improvement/development has been a lengthy process with requirement for approvals to realign the lease boundaries. These approvals are now just waiting for formal notification. It will be exciting times for the club with the opportunity to upgrade the whole of the ground floor club area to include better integration of the various club spaces. The detailed design and layout will be developed through a Building Reference Group of committee members and key stake holders ready for mid-year submissions for council approval. Key improvements for the proposed designs are;

- Dedicated member function/cooking facility
- Wet and dry common room capacity
- Increased lifesaving storage capacity

- Dedicated training room
- New improved surf club entry relocated to the northern side with safer access
- Dedicated access and goods handling area separated from the entry
- Improved building presentation

3. Building maintenance - the maintenance of the club is the price we pay for "one of the best views on the coast". To keep the club in good repair, the Joint Facility Committee along with the Supporters club team have implemented significant upgrades and improvements over the past year, including;

- Upgrading the fire panels/system to the whole club
- External painting upgrades including subtle changes to the colour scheme
- Upgrades of the admin office layout
- Additional member lockers
- Sponsor/club signage upgrades
- Restaurant acoustic treatments with ongoing installations to improve the dining experience
- Air-conditioning replacement program

It has been a pleasure working with a stable group of members on the Joint Facility Committee including Ian Norman (Surf Club Treasurer), Fred Stokes (Surf Club President and Support Deputy President), Dan Rogers (Surf Club Deputy President), Mal Wright (Supporters Club General Manager) and Stephen Kemp (Life member) who all share a common vision of making our club one of the best on the coast. I am looking forward to the next phase of the development and delivering a members club which will be the envy of all. As always happy to discuss club facilities with all and welcome any and all input.

Paul Norman

Joint Facility Coordinator

Building and maintaining a first class facility for all members.....your club for life...

Financial Health

Ensure that we have the financial capability to meet the clubs needs now and into the future.

Treasurer's Report

After another busy season I am pleased to be able to present the finances for the club for our 2017-2018 season. Overall the club remains in a strong financial position with \$120k in cash reserves and still effectively debt free. The club has retained a small debt of less than \$15k in order to retain the redraw capability of our loan facility should we

need this for building purposes in the near term.

Income for the season was \$1,331k which was up from the previous season due to the move to a formal lease arrangement between Lifesaving and Supporters. Total funds provided by Supporters was \$1,014 compared to \$810k in the previous season. The difference is effectively depreciation which will be set aside for the Lifesaving Sinking Fund. Of note is close to 40% increase in sponsors income to \$106k. Total operating expenditure before depreciation for this season was \$1,100k which was a 8.5% increase on the previous seasons expenditure.

This season the club has focussed it's financial efforts in three key areas ...

- Restructuring the leasing arrangement between Lifesaving and Supporters to ensure that we comply with the Charities Act as well as allowing both Supporters and Lifesaving to operate effectively now and into the future
- Continuing to grow our income level through a strategic focus on sponsors, external grants and effective fundraising programs
- Delivering a range of member benefits through targeted expenditure in the areas of training, Surf Sports and member facilities.

Leasing arrangements – the club has worked with Jeff Sparkes from SLSQ and our auditors (MGI) to set up a restructured lease agreement with Supporters. This arrangement will also see some of the balance sheet assets re-allocated to Supporters and the depreciation split between Lifesaving and Supporters assets. In addition, the sinking fund will be split between Lifesaving and Supporters in line with the asset split. This change will future proof the club in terms of ATO compliance requirements and ensure each entity can operate effectively.

Income growth – this season has seen our sponsor income increase and we welcomed new sponsors in Peregian Springs Golf Club, MGI Audit and Flightcentre

Coolum. Our annual collection improved significantly and we also saw great results from the annual Charity Golf day and the 200 Club. Thanks to everyone involved in supporting these programs.

Member benefits – we have continued to work towards providing additional facilities for members growing needs (refer Joint Facility report) as well as funding a range of member benefits including \$57k on supporting our Surf Sports (competition costs and new equipment), \$10k on training and coaching programst, \$9 on a painting refresh for the clubhouse and \$10 on common area upgrades.

We have appointed MGI Audit as our new club auditor. This move will bring a fresh focus on ensuring strong financial governance. Many thanks to SPS Audit and Stephen Shirley for the efforts over the years they were with us.

Looking ahead – as we look towards our 100-year anniversary in 2019 our focus will be on two major equipment purchases with plans underway for the replacement of the Suzuki 4WD used for roving patrols and for a new patrol arena. The club will also be progressing a number of events to celebrate our Centenary season and we will need to allow for these in our budgets for season 2018-2019 and season 2019-2020.

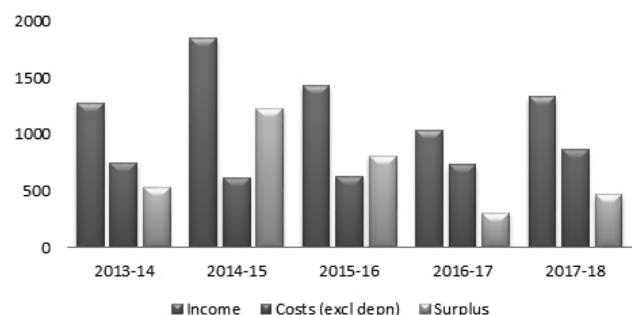

Finally, for next season, we will be incurring additional costs with the servicing of the loan for the Yandina-Coolum Rd property and well as the progression of minor works to enable the facility to address the clubs storage needs.

Many thanks to a number of people – the Supporters Club who continue to be our primary partner and provider or funding, our sponsors and corporate partners who provide vital funds need to keep the beach safe, the members of the Joint Finance Committee for their guidance and to every member who supports our club through your time and effort.

STATEMENT BY THE MEMBERS OF THE BOARD OF MANAGEMENT FOR THE YEAR
ENDED 30 APRIL 2018

The Board of Management declare that:

1. In the Board of Management's opinion, the attached condensed financial statements and notes thereto are in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*, including compliance with measurement provisions of accounting standards and giving a true and fair view of the financial position and performance of the club; and
2. In the Board of Management's opinion, there are reasonable grounds to believe that the club will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Management and is signed for and on behalf of the Board of Management by:

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 APRIL 2018

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

General Information

The condensed financial statements cover Coolum Beach Surf Life Saving Club Inc ("the club") as an individual entity. The club is an association incorporated under the *Associations Incorporation Act 1981*.

Basis of Preparation

This financial report is intended to provide users with an update of the latest annual financial statements of the club, and it is recommended that this annual report is read in conjunction with the full financial statements for the year ended 30 April 2018. The same accounting policies and methods of computation have been followed in this annual report as were applied in the full financial statements. The financial statements, except the cash flow information, have been prepared on accrual basis and are based on historical costs, modified where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest Australian dollar.

The financial statements were authorised for issue on 31 May 2018 by the Board of Management.

NOTE 2: REVENUE AND OTHER INCOME

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
COOLUM BEACH SURF LIFE SAVING CLUB INC

Report on the Audit of the Financial Report

Basis for Qualified Auditor's Opinion

As first year auditors of Coolum Beach Surf Life Saving Club Inc, our audit procedures included a review of the former auditor's workpapers in order to obtain reasonable assurance that the 2017 comparative figures disclosed in this financial report were free from material misstatement. During our review, we were unable to satisfy ourselves that the audit testing performed on inventory in the 2017 financial year was sufficient and appropriate regarding the existence and condition of inventory. Accordingly, as the evidence available to us regarding inventory as at 30 April 2017 is limited, and no alternate audit procedures were able to be performed retrospectively to obtain assurance on the existence and condition of inventory at that time, we are unable to express an opinion on the valuation of inventory as at 30 April 2017 on the statement of financial position, and any impacts this may have on the statement of profit or loss and other comprehensive income from the year ended 30 April 2017 and 2018.

Auditor's Opinion

We have audited the financial report of Coolum Beach Surf Life Saving Club Inc (the "Association"), which comprises the condensed statement of financial position as at 30 April 2018 and the condensed statement of profit or loss and other comprehensive income, condensed statement of cash flows for the year then ended, select explanatory notes, including a summary of significant accounting policies and the Board of Management's declaration.

In our opinion, except for the effects of the matters described in the basis for qualified auditor's opinion paragraph, the accompanying financial report of Coolum Beach Surf Life Saving Club Inc is in accordance with the *Australian Charities and Not for Profit Act 2012*, including:

- (i) giving a true and fair view of the Association's financial position as at 30 April 2018 and of its performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards – Reduced Disclosure Requirements and the *Australian Charities and Not for Profit Regulation 2013*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. We are independent of the Association in accordance with the auditor independence requirements of section 60-40 of the *Australian Charities and Not-for-profits Commission Act 2012* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of the Board of Management of the Association for the Financial Report

The Board of Management of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Australian Charities and Not for Profit Act 2012* and for such internal control as the Board of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

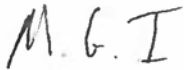

Basis of Accounting

This financial report is intended to provide users with an update of the latest annual financial statements of the club, and it is recommended that this annual report is read in conjunction with the full financial statements for the year ended 30 April 2018. The same accounting policies and methods of computation have been followed in this annual report as were applied in the full financial statements.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We communicate with the Board of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

COOLUM BEACH SURF LIFESAVING SUPPORTERS CLUB

President's Report

I begin my report on a very sad note. We farewelled Louise Thomson on January 24, 2018, with a beautiful beach service attended by her family and friends. Louise was a much loved and valued member of our reception team and our number one recruiter of new members.

Louise's ashes were scattered at sea at Coolum Beach.

THANK YOU, BASIL.

After almost seven years as a valued member of our committee, Basil Caffery tendered his resignation due to family commitments. Basil was also the chairman of our Community Benefit Fund sub-committee and a member of our Judiciary sub-committee.

Basil, we thank you for being part of our team and wish you, Sue and your family good health and happy days.

We welcome Bruce Moulard aboard who was appointed to fill the vacancy created by Basil's resignation.

In recognition of his ten years as an outstanding committee member, Gary Barben was awarded Life Membership of the Supporters Club. Gary did not seek re-election for this season but has continued in his role as chairman of our Judiciary sub-committee. Thank you, Gary, for your valued contribution.

Our licensed club has enjoyed another very successful year with trading records being broken. We thank manager Mal Wright and his team for their efforts. Nothing is achieved without hard work and our committee acknowledges and appreciates how hard our team works in our busy club. We sincerely thank them. A great deal of

our club's success is due to the stability of the team with the majority of our middle management group which have been at the club for many years. Keep up the good work.

I extend hearty congratulations to our committee members for their efforts. The commitment of this group of volunteers has contributed greatly to the success of our club. Garry Green has completed his first full year as our treasurer with flying colours. Thank you one and all for another very good year.

Thank you also to our friends at Clubs Queensland and SLSQ for your support and advice as and when required.

Once again we are able to report no loss of life between the RED and YELLOW flags. Congratulations to Surf Life Saving Club President, Fred Stokes, his committee and all volunteers for keeping this fine record intact.

We will continue to strive for excellence and we thank the members for trusting us.

John Ellingsen

COOLUM BEACH SURF LIFESAVING SUPPORTERS CLUB

Treasurer's Report

The Supporters Club continues to produce sound financial results year on year; I am pleased to be able to report that 2017-2018 was in line, producing positive results at the close of the year.

Keeping our beaches safe requires strong funding support from the Supporters

Club to the Surf Club. We were able to provide this throughout the year.

In addition, our Community Benefit Fund was able to provide greatly needed funds to our local Not for Profit Charity Groups.

In conjunction with our strong financial position, we continue to hold the Loan Account open, to facilitate unimpeded commencement of the proposed clubhouse renovations, once local government and all other approval processes have been met.

As with any Supporters Club, commitment to providing a modern and safe environment to our guests is crucial if we are to continue to grow and remain relevant to the Community. We currently have approximately 13,000 Social Members.

This is our first full year with our newly appointed auditors, and we have developed an active relationship with them.

A large amount of time and work was invested in setting up and implementing a commercial lease agreement between the Supporters Club and the Surf Club. This has helped us achieve our legislative requirements for the ATO in regards to Not for Profit clubs, thanks to Mal, Sharon, and Ian for their involvement in this process.

A comprehensive P&L will be available, on request, to current financial active members.

Thank You to all of the Staff at the Club for their hard work, additionally to Mal and Sharon for assisting me in the role of Treasurer.

Garry Green

Acting Supporters Club Treasurer

R.I.P. RAY CARNEY

Sadly, Ray Carney passed away on Saturday, May 19, 2018 after a short illness.

Ray was our long-term Treasurer of the Supporters Club committee serving for almost 13 years.

He certainly loved the Coolum Surf Club and his knowledge of the licensed club industry helped our Club to become an award winning operation.

We will miss Ray's smiling face and happy disposition. He had an ability to lift the mood and you always felt better after a conversation with him.

The Committee, Management, Staff and Members extend sincere condolences to Ray's family and bid him farewell.

GONE BUT NOT FORGOTTEN.

COOLUM BEACH SURF LIFESAVING SUPPORTERS CLUB

General Manager's Report

The 17/18 season for Supporters was similar to last season in that it started with two slow months being May and June but we soon picked up momentum throughout the year and have finished very strongly. Financially we are in a very strong position and have set many new turnover records over the Christmas New Year period.

The Bar has performed very well over the past 12 months of trading. We have experienced growth in 11 of the 12 months which we haven't done since the 2013/14 season. This is mainly due to the fact that we changed our beer contract from XXXX to CUB. The new agreement has given us much more flexibility with our beer selection and our members and visitors have supported this move. With very good cost of goods and wages control the bottom line growth was very strong.

The Catering Operation has also experienced 11 months of growth with May 2017 as the only month we didn't beat the previous year's sales. With a higher cost of good result along with more wages due to the increase in sales and general wages growth the bottom line was not as strong as the previous financial year. The cost of goods is a constant battle with the price of food forever increasing along with the fact that we prepare the majority of the menu from scratch here at the club as opposed to buying in pre-made items. This does, however, provide a better quality product to our members and visitors so it's not all bad but when looked at from a financial standpoint it doesn't look as good as previous seasons. The Supporters Club Committee made a strategic decision back in 2012 to take back the operations of our restaurant and in recent years we have moved towards having a premium club offer in our restaurant and with our new kitchen along with continuous improvement of our service and food offerings I believe that we continue to achieve this goal.

Our Gaming room had a good year in relation to turnover however due to more payouts and jackpot paid to customers this has resulted in a similar bottom line result as to the previous year.

Poker Machines are subject to much debate and conjecture within politics and the community in general as to whether or not they have a place within community Clubs throughout Queensland. You may have seen recently with relation to the future of Peregrine Surf Club that some members of the local community do not believe that pokies should form part of a community club. We aren't solely reliant on Pokies here at Coolum Surf Club however they do make up around 40% of the Clubs Operating Profit. So without them volunteers of the Surf Life Saving Club would be relied upon much more heavily for

fundraising activities as well as door knocking appeals to collect donations from the community which was how Surf Clubs survived before Pokies came along.

Pokies were introduced to Clubs in Queensland back in 1992 and since then have helped the Not-For-Profit Community Club industry become sustainable in the ever-changing economy that we find ourselves within. Community clubs are an integral part of the Queensland economy. Each year clubs in Queensland generate around \$2.2 billion in revenue and pay \$513 million in taxes, of which around 49% is associated with gaming operations, and a further 43% in GST – around \$220 million. Across Queensland, the value of Clubs social contribution is estimated to be worth around \$853 million per annum. You can be certain that Pubs and Casinos do not contribute to the community to this level as their goal is to make bigger profits for their owners and shareholders as opposed to supporting Surf Life Saving and the Community to which Coolum Beach SLS Supporters Club does very well year after year.

The staff of Coolum Surf Club have performed admirably once again and served our members and visitors at a very high level throughout the year. My sincere thanks goes to all of our hard working staff members.

Thank you to the Supporters President John Ellingsen and the rest of the Supporters committee for their efforts and ongoing support. A big thank you also goes to my Department Management team consisting of Sharon Sutton, Kirstin Martin, and Brad Fechner, they work hard and are very committed to the Club.

Thanks to all the Active Members of the Surf Lifesaving Club for your ever-growing patronage of the Supporters Club.

Malcolm Wright
General Manager

This season our Supporters Club has been proud to make financial and in-kind contributions and support to the following organisations.

ORGANISATION	ASSISTANCE	ORGANISATION	ASSISTANCE	ORGANISATION	ASSISTANCE

St Vincent De Paul Society of Coolum	Financial support for the less fortunate of the Coolum area as well as voucher donations for fundraising	The Biggest Morning Tea	Voucher donation to assist in raising funds for cancer research and prevention		

Club Profile

Our History

1918 A legend begins

Jack Morgan agrees to "do something about lifesaving at the beach" at Cooloom as a Maroochy council lifeguard for 8 shillings a day from 6:00am to 6:00pm.

1919 The reel deal

Royal Lifesavers from Brisbane present Cooloom locals with the first surf reel on Easter, paving the way for volunteer patrols and thousands of lives saved.

1923 On its feet

After some tough times, including the reported drowning of club member, Frank Reed, who hit his head on rocks, the Cooloom Beach Surf Lifesaving Club reportedly forms as a constituted club with new extensions to its rescue shed.

1936 Made to order

Cooloom's first purpose - built clubhouse, costing £300, is officially opened in a gala ceremony by state transport minister J. Dash, and would serve the lifesavers until 1962. The old building was then used as the first Cooloom Bowls Clubhouse.

1948 Black Boxing Day

Cooloom Surf Club's worst day in history sees war hero/lifesaver, Dick Lugge, 26; drown while trying to help rescue three people in massive seas. Nurse, June Caldwell is saved, but her father and a friend also perish. A second beltman, Bob Ross, is saved by club legend, Ernie Berg, on a ski.

1949 Never walk away

The Club is reduced to just two active members but club stalwarts, Keith Peterie and Ron Want, decide to stay on and train up local teenagers to patrol. This was a pivotal moment – the club could have folded never to reform. An influx of Brisbane student teachers as clubbies in the 1950's helps rescue the club.

1952 Carnival time

After a long break, mainly due to the dark days of war, Cooloom hosts its first surf carnival since 1937, attracting a massive crowd of 3,000 and the clubs of Bribie, Kirra, Met Caloundra, Maroochydore, Alexandra Headland, Noosa and host Cooloom. Legendary surf belt swimmer Steve Wilkes, of Alex was the star of the day winning the surf swim and the belt races.

1966 The new guard

Cooloom lifesaver, Don Kennedy follows in Jack Morgan's footsteps after being appointed one of the first modern lifeguards. The Kennedy family was one of a number of prominent families to make major contributions to the Cooloom Surf Club. Angie Kennedy, daughter of life member Bob, was an elite national swimmer who took silver at the Atlanta Olympics.

1977 Duck power arrives

Cooloom joins the IRB rescue revolution with the first purchase of a rubber duck and 25hp motor that would consign the surf reel to history. IRB's replaced the club's illfated experimental minijet boat, and are now often the frontline rescue craft along with the tube and rescue board.

1980 The female wave

Shaun Kennedy, the daughter of club stalwart, Don Kennedy, helps break tradition and is the first of many Cooloom females to pass her Bronze at Cooloom. Women clubbies soon made their mark with the support of their male counterparts, and today are involved in almost every facet of lifesaving, including instructing, driving IRB's and serving as Patrol Captains.

1985 Saving the day

Cooloom SLSC rescue helicopter volunteers, Greg Lennox and Glen Garrick, win bravery awards for saving the crew of the yacht "Magic Dragon" at Flinders Reef, in cyclonic seas and high winds at night – it does not get any harder than that.

1991 Simply the best

Awesome Under 18 double ski team of Michael Daly and David Prior, breakthrough for the club's first ever Australian Lifesaving championship in Perth, on a wet, and miserable day that was pure gold for Cooloom. The mighty pair finished the season undefeated.

2013 Historical moment

The club's first history book "Breathing Life into Cooloom Beach – The Chronicles of the Cooloom Beach Surf Life Saving Club" is launched by editor, Patrol Captain and now Life Member Peter Gardiner. The book is the result of a five-year labour of love.

...towards 2019
