We are... FITZROY

A team of dedicated professionals who can help you manage and optimise your cloud usage.

Cloudstart LZ

Your Customised Landing Zone

aws

The decision to move to the cloud is one of the biggest IT-focused decisions a company can make. And it can be daunting because you want to get it right from the beginning.

Enter CloudStart LZ: your ticket to a successful cloud launch!

Say goodbye to the complexities of setting up your cloud infrastructure – our Landing Zone solution streamlines the process. By providing a template for automated setup, security best practices, and multi-account architecture, CloudStart LZ gives you peace of mind knowing that your data is safe, and your environments are well-architected, secure and cost-effective, allowing you to focus on innovation and growth within your business.

Don't agonise over the best way to do things – we've done all the hard work for you!

Key Benefits of CloudStart LZ

1. **Trusted foundation**, the first time.

2. **Automated Setup:** Reduces setup time and minimises manual configuration errors.

3. **Security Best Practices:** Comprehensively secure your environment by default.

4. **Multi-Account Architecture:** segregate your workloads across multiple AWS accounts for better isolation, management, and cost control.

5. **Scalability:** Designed to grow as you do – easily add new accounts, regions, and services as needed, ensuring flexibility into the future.

6. **Centralised Billing and Governance:** Know precisely what is going on and how much it costs.

7. **Simplified Management:** Reduced operational complexity and manual effort through automated setup and management of AWS infrastructure.

8. **Faster Deployments:** Accelerated deployment of new workloads and applications with pre-configured environments and automation tools.

CloudStart LZ provides the building blocks you need, whether you are building a new greenfield environment, migrating from on-premises environments or other cloud providers, or refreshing an older AWS solution.

Bring your staff on the journey

Having good people to manage your cloud infrastructure is just as important as building it right.

At Fitzroy IT we recognise this, and give you many options:

Do you need help?
A Fitzroy IT Managed Service Agreement might be just what you need.

Do you have internal staff who need to be upskilled?
We can assist with training.

Fitzroy IT implements CloudStart LZ using standard AWS tools, following best practice and standard operating procedures. Everything we do is documented, and we work with your staff to explain and train.

Get Started, with Confidence

Whether you are a cloud veteran, or taking your first steps on a cloud journey, get in touch with Fitzroy IT today.

We're experts who have helped a wide range of customers design and build their ideal AWS foundation.
