Description

2000 mm wide

The sg200fa-2xb provides a heavier and robust version of the Bonvue series with a greater storage capacity made for businesses wishing to present and serve more light meals through this perfected chilled display unit.

One of the more powerful and bigger cake display units from catering equipment brand, Bonvue. This cake display unit aims to provide an eye-catching space to present your culinary work, straight from the kitchen.

This impressive cake display has two levels of shelving, strong secop compressors for functionality, LED lighting to see inside the interior, self-evaporating drainage to remove moisture, digital temperature control and triple glazed front with heated filaments - all encased within a stainless-steel framework.
