

# What can we do for you or your clients?

## **Support Coordination.**

Support Coordination is a Capacity Building service to help coordinate supports, navigate an NDIS plan, help better understand how to use the NDIS plan. Support Coordination means there are further qualifications or experience required to strengthen a higher needs participant's ability to coordinate their supports & participate in the community. This may include resolving points of crisis, & developing resilience in the participant's network.

## **Specialist Support Coordination.**

Specialist Support Coordination is provided by a professional with an Allied health or a Psychological background. This is funded for complex participants which have exceptionally high needs or are in a crisis situation. Often there are matters that are very time sensitive and the participant may face additional and/or high risk barriers to support.

## How do I get started?

### **I have a NDIS plan with Support Coordination!**

You are ready for great treatment, care and support from us immediately!

**Contact our fantastic NDIS Support Staff today.**

Offering Support Coordination and Specialist Support Coordination services to NDIS and Aged Care Participants.

# Support Coordination

## How do I get it, or do I have it?

At your Pre Planning Meeting or Plan review you can ask your NDIS planner, LAC or ECEI for Support Coordination. Let the planner know that you feel you need support to better understand the NDIS and how to utilise your plan to its full potential. The NDIS funds Support Coordination to help build the participant and their support's knowledge of the NDIS with the hope that the need for support coordination will decrease in future plans.

Check your Plan to see if you have 'Support Coordination' as a category. If you do and you would like to get started and bring your plan to life give us a call.

## Marli & Moe pride ourselves in:

- Supporting you to understanding your NDIS plan and how to use it.
- Resolving points of crisis.
- Facilitating participant's choice and control.
- Sourcing and connecting you & your family with NDIS providers.
- Developing capacity & resilience in a participant's network & coordinating supports from a range of sources.
- Educating and building the capacity of the participant and their network to better understand the NDIS and its procedures.
- Supporting in the negotiation of service agreements and budgets.
- Liaising with NDIS providers around the effectiveness of support.
- Supporting participants with applications such as assistive technology or reviews and more!

### Marli

Signifies the youth. We commit to protecting them every day and making sure they live a life that is full of opportunities.

### Moe

Signifies those in later life, that need the respect, dignity and support to age with love.
