# Disclaimer

This presentation contains summary information about Lefroy Exploration Limited (LEX) and is current as of the cover date. It does not represent an offer of securities for subscription or sale in any jurisdiction nor a securities recommendation. The information contained in this presentation is of a general nature and does not purport to be complete and does not contain all information necessary for investment decisions. This presentation is not investment or financial product advice (nor tax, accounting or legal advice) and is not intended to be used for the basis of making an investment decision. The information contained in this presentation has been prepared without taking into account the objectives, financial situation or needs of individuals. Investors should obtain independent professional advice from an accountant, lawyer or other professional advisor before making any investment decisions in relation to LEX. Any figures, valuations, forecasts, estimates, opinions and projections contained in this presentation involve elements of subjective judgment and analysis and assumption. Any opinions expressed in this material are subject to change without notice, including as a result of using different assumptions and criteria.

This presentation contains “forward-looking statements”. Forward-looking statements are often, but not always, identified by the use of words such as “seek”, “anticipate”, “believe”, “plan”, “expect”, “predict”, “forecast”, “estimate”, “target” and “intend” and statements that an event or result “should”, “could”, “may”, “will” or “might” occur or be achieved and other similar expressions. Indications of, and guidance on, future earnings and financial position performance are always forward-looking statements. Forward-looking statements are subject to business, legal and economic risks and uncertainties and other factors that could cause actual results to differ materially from those contained in forward-looking statements. Forward-looking statements, opinions and estimates provided in this presentation are based on assumptions and contingencies at the date the statements are made and are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward-looking statements including estimates or projections as to events that may occur in the future (including projections of revenue, expense, net income and performance) are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance and may or may not occur. The statements involve known and unknown risks, uncertainties and other factors associated with LEX and the mining exploration industry such as resource risk, environmental and regulatory risks, metals price volatility, currency fluctuations, increased production costs and variances in ore grade or recovery rates and operational risks. Many of risks these are beyond the control of LEX. It is believed that expectations reflected in the statements are reasonable but they may be affected by market conditions and a range of other variables which could cause actual results or trends to differ materially from those stated.

LEX does not undertake to update any forward-looking statements for events or circumstances that occur subsequently or to update or keep current any of the information contained in this presentation. Nothing contained in this presentation is, or shall be relied upon as, a promise or representation as to the past or future. Undue reliance should not be placed upon forward-looking statements. LEX has prepared this document in good faith based on information available to it at the time of preparation that was believed to have a reasonable basis. Neither LEX nor any of its directors, officers, agents, employees or advisors give any representation or warranty, express or implied, as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. Accordingly, to the fullest extent permitted by law, none of LEX, its directors, employees or agents, advisors or any other person accepts any responsibility or liability whatsoever, whether direct or indirect, express or implied, contractual tortious statutory or otherwise and expressly disclaim any and all liability, in respect of, the accuracy or completeness of the information or any opinions expressed in this presentation or for any errors, omissions or misstatements or for any loss howsoever arising, from the use of all or any part of this presentation or any of the information contained in it.

## Competent Persons Statement

The information in this announcement that relates to exploration targets and exploration results is based on information compiled by Graeme Gribbin, a competent person who is a member of the Australian Institute of Geoscientists (AIG). Mr Gribbin is employed by Lefroy Exploration Limited. Mr Gribbin has sufficient experience that is relevant to the style of mineralisation and type of deposits under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 edition of the JORC Code. Mr Gribbin consents to the inclusion in this announcement of the matters based on his work in the form and context in which it appears.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements. In the case of all Mineral Resource Estimate’s (MRE), the Company confirms that all material assumptions and technical parameters underpinning the estimates continue to apply and have not materially changed.

# Pathway to Production

Shallow, high-grade open-pit deposits located near toll milling infrastructure

Proven commercialisation pathway via profit-sharing mine agreement

Meaningful cashflow generation to fund further development of existing deposits and future exploration

Commanding 635km<sup>2</sup> prospective land package in Kalgoorlie Goldfields

# Corporate Snapshot

Share Price (30 Apr 25):  
**\$.079**

Shares on issue:  
**248M**

Market Cap:  
**\$19.6M**

Enterprise Value:  
**\$17.2M**

Cash (31 Mar 25):  
**\$2.4M**

Share price Performance:

## Excellence & Integrity – Board Of Directors

**David Kelly**  
Non-Executive Chairman

**Tara French**  
Non-Executive Director

**Michael Davies**  
Non-Executive Director

## Skill & Experience – Exploration Team

**Graeme Gribbin**  
Chief Executive Officer

**Chris Hesford**  
Exploration Manager

**Honor Wilson**  
Project Geologist

**Braden Hill**  
Field Logistics Supervisor

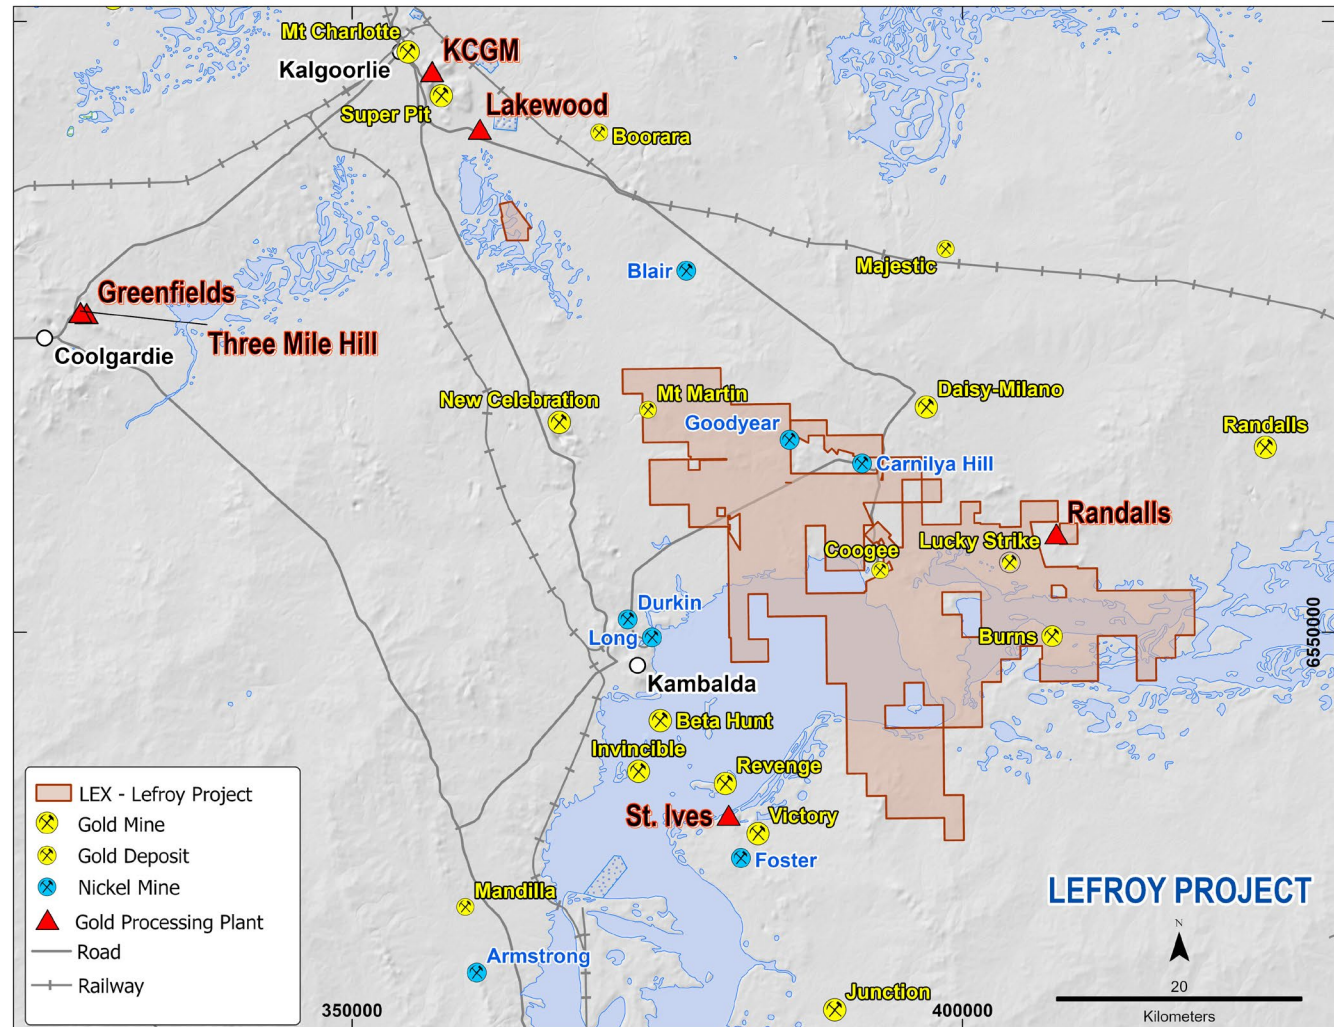

**Kristel Sarak**  
Office Administration  
Manager

# Commanding Land Holding

## Prime Real Estate in Kalgoorlie-Kambalda

- Large **635km<sup>2</sup> contiguous tenement package** in world-class Kalgoorlie-Kambalda mining district
- Only 20km from Kambalda and 35km from Kalgoorlie  
– two established and well serviced **mining centres**
- Close to **existing transport infrastructure, towns and highly active workforces**
- **Nearby processing facilities** for cost-effective, low-capex, fast-tracked development
- Strong gold price facilitates commercial outcomes on well-located gold deposits

Lefroy Project and surrounding Key Infrastructure

# Commercialising the Lefroy Corridor

## 40km corridor of shallow high-grade deposits

Strong gold price supports commercial strategy

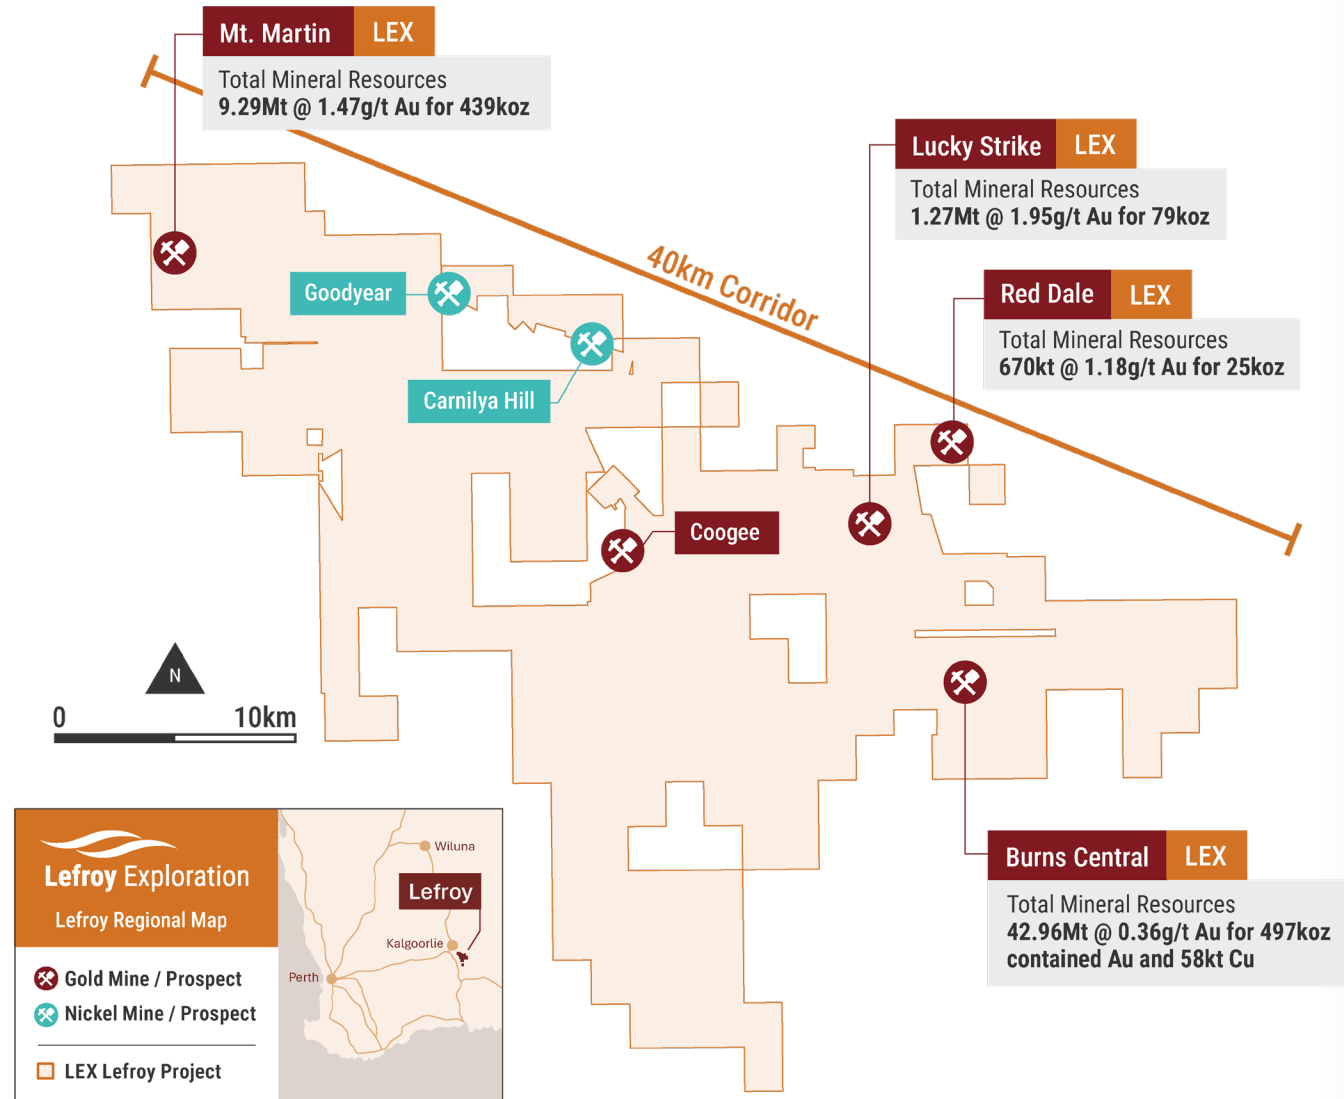

Cashflow generation to support future exploration across the corridor

Two additional projects with potential for production outcomes

Company growth through exploration success and commercialising resources

# Lucky Strike (Stage 1)

## Mining Profit Share Agreement

### Agreement with private mining contractor – BML Ventures\*

- BML responsible for all capital, operating costs, permits and approvals
- **No up-front expenditure contribution required of Lefroy. LOW Risk**
- Net surplus cash (after expenses) distributed 50/50 LEX/BML
- Toll milling agreements in progress
- **Stage 1** Development and Production at Lucky Strike **ON TIME, scheduled for second half 2025**
- **Significant Project Momentum** with major June Quarter milestones:
  - Completion of Grade Control Program and assay results
  - Clearing Permit submittal
  - Toll Milling announcement

Deposit	Indicated			Inferred			Total Resource

## Timeline

# Lucky Strike (Stage 1)

## Resource Infill and Extension Drilling

- Results validate geology and resource models within 50m of surface.
  - **17m @ 1.32 g/t Au from 34m (LEFR487).**
  - **6m @ 3.07 g/t Au from 25m (LEFR447).**
- Significant intersections outside the MRE highlight growth potential

Lucky Strike Cross Section A-A' (refer LEX ASX Announcement 26 March 2025)

# Lucky Strike (Stage 1)

## Grade Control Drilling Underway

- 16,500m drilling program targeting recently optimised northern pit shell
- **All costs fully pre-funded by BML**
- Program will also support geotechnical, hydrogeological and rock characterisation studies

Grade Control Drilling Program – Lucky Strike (yellow area) and updated pit shells

CY Q2: Grade Control Drilling (Underway)

Grade Control Drilling at Lucky Strike

# Opportunities to Commercialise Additional Deposits

## Lucky Strike

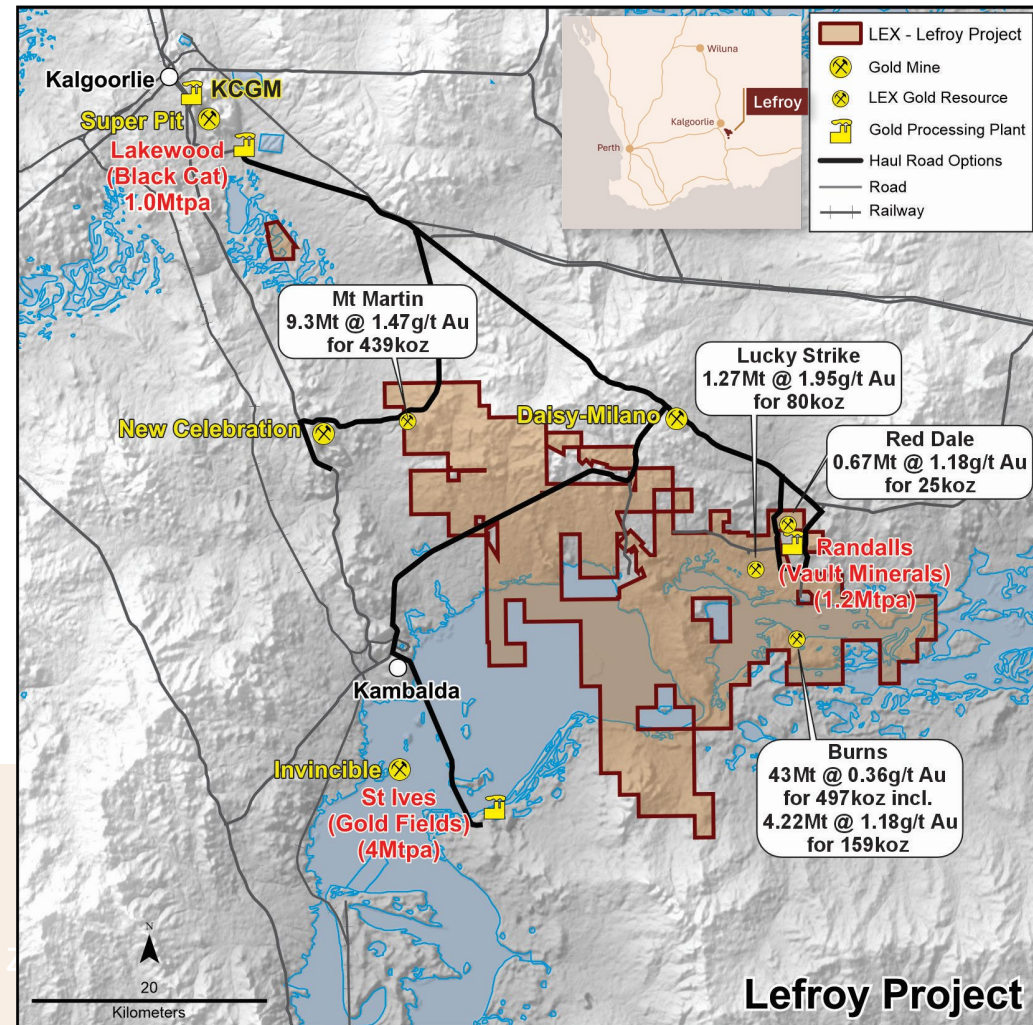

- Drill plan design underway to assess a potential deeper Stage 2 development

## Mt Martin

- Shallow MRE\* of **9.29Mt @ 1.47g/t Au for 439,000 oz**
- Limited drilling along strike and east of the Mt Martin resource

## Burns Central (Au) and Regional

- Untapped potential extending 4km north of Burns Central resource\*\* containing **4.22Mt @ 1.18 g/t Au for 159,285 oz**

Lefroy Project Location Map

\* Refer LEX ASX Announcement 10 October 2024

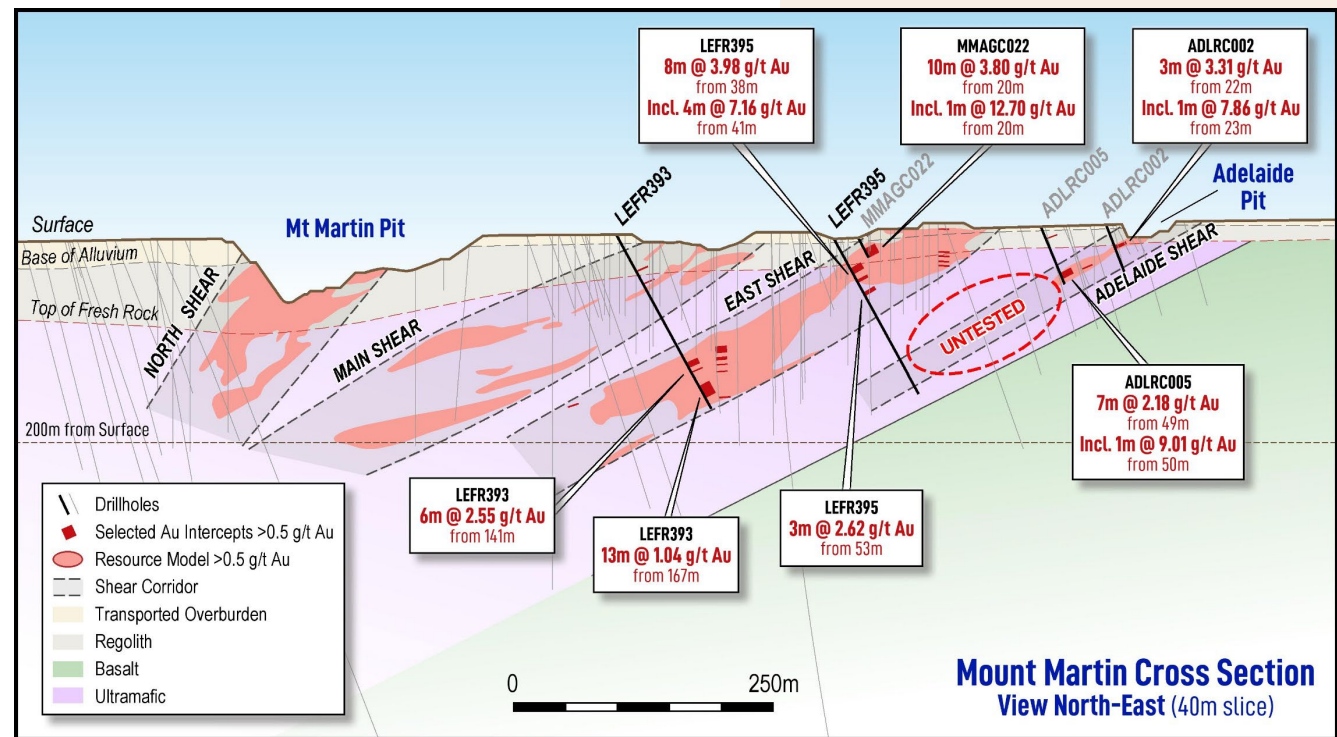

\*\* Refer LEX ASX Announcement 3 October 2024

# Mt Martin – Near Surface Gold Resource

## Focus on near-surface (200m depth) gold resource base

- Shallow MRE of 9.29Mt @ 1.47g/t Au for 439,000 contained ounces\*
- Thick high-grade intersections including:
  - 21.24m @ 4.32 g/t Au from 29.76m\* (Main Shear) in MUG49
  - 10m @ 3.80 g/t Au from 20m\* (East Shear) in MMAGC022
  - 8m @ 3.98 g/t Au from 38m\*\* (East Shear) in LEFR395
- Incorporates 29-hole RC program from December 2023 targeting Main and East Shear
- Positioned on Location 45 freehold land which offers a more streamlined path to production.

Mt Martin Cross Section: geology and mineral resource (refer LEX ASX Announcement 10 October 2024)

\* Refer LEX ASX Announcement 10 October 2024

\*\* Refer LEX ASX Announcement 18 January 2024

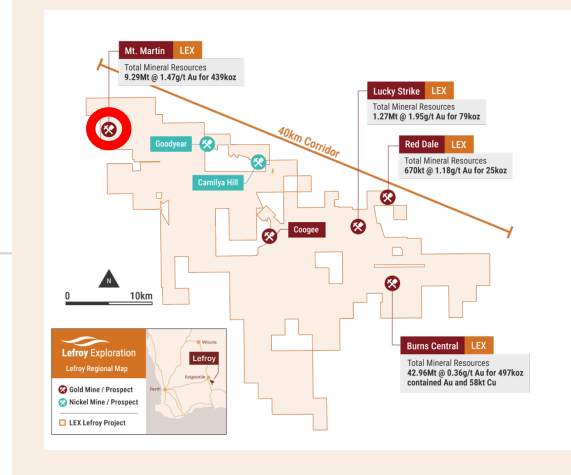

# Mt Martin – Significant Exploration Upside

## Numerous shallow targets to drive resource growth

- Targeting shallow high-grade shear hosted mineralisation along strike and east of existing resource
- Main corridors for growth along East and Adelaide Shears.
- **East Shear** testing northern corridor along strike from
  - **MMAGC022: 10m @ 3.80g/t Au from 20m\***
  - **MMAGC067: 6m @ 4.24g/t Au from 35m\***
- **Adelaide Shear** testing corridors along strike from:
  - **ADLRC005: 7m @ 2.18 g/t Au from 49m\***

\* Refer LEX ASX Announcement 10 October 2024

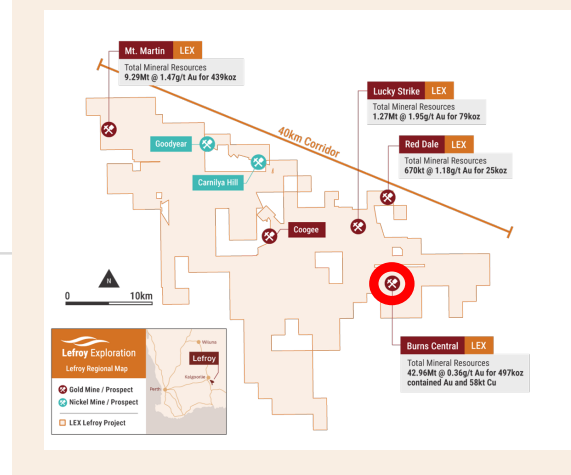

# Burns Central – High Grade Shallow Resource

## Significant shallow high-grade Au zone delineated

Burns Central Location map depicting resource cut to 0.5g/t Au (refer LEX ASX Announcement 3 October 2024)

- The Burns high grade zone totals **4.22Mt @ 1.18 g/t Au for 159,285 contained ounces\*** (0.5g/t Au cut-off) which includes:
  - 46,538 oz of gold (Au) in oxide,
  - 8,154 oz gold (Au) in transitional; and
  - 104,593 oz gold (Au) in fresh rock
- Consistent high-grade corridor extending over 650m strike length, open to the northeast and southwest
- The MRE is drilled to 98% Indicated status and 2% Inferred for gold, with 34% of the gold resource contained within oxide and transitional material.

\* Refer LEX ASX Announcement 3 October 2024

# Burns Central – High Grade Shallow Resource

## Significant shallow high-grade Au zone delineated

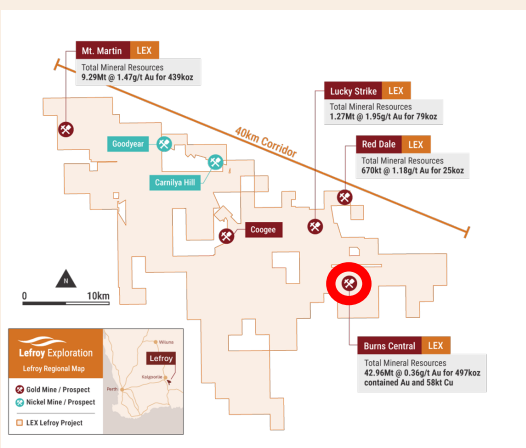

- Consistent high-grade corridor, extending over 650m strike length
- Significant, thick intersections, including:
- **61m@ 2.96 g/t Au\* (from 120m), including 37m @ 4.23 g/t Au (from 126m) (LEFR320)**
- **39m @ 3.87 g/t Au\* (from 26m) in (LRR003); and**
- **30m @ 2.43 g/t Au\* (from 27m), including 17m @ 3.9 g/t Au (from 38m) in (LRR004)**

Deposit	Indicated			Inferred			Total Resource		
	Mt	Au (g/t)	Oz	Mt	Au (g/t)	Oz	Mt	Au (g/t)	Oz
Burns Central TOTAL*	4.11	1.19	157,215	0.10	0.63	2,070	4.22	1.18	159,285

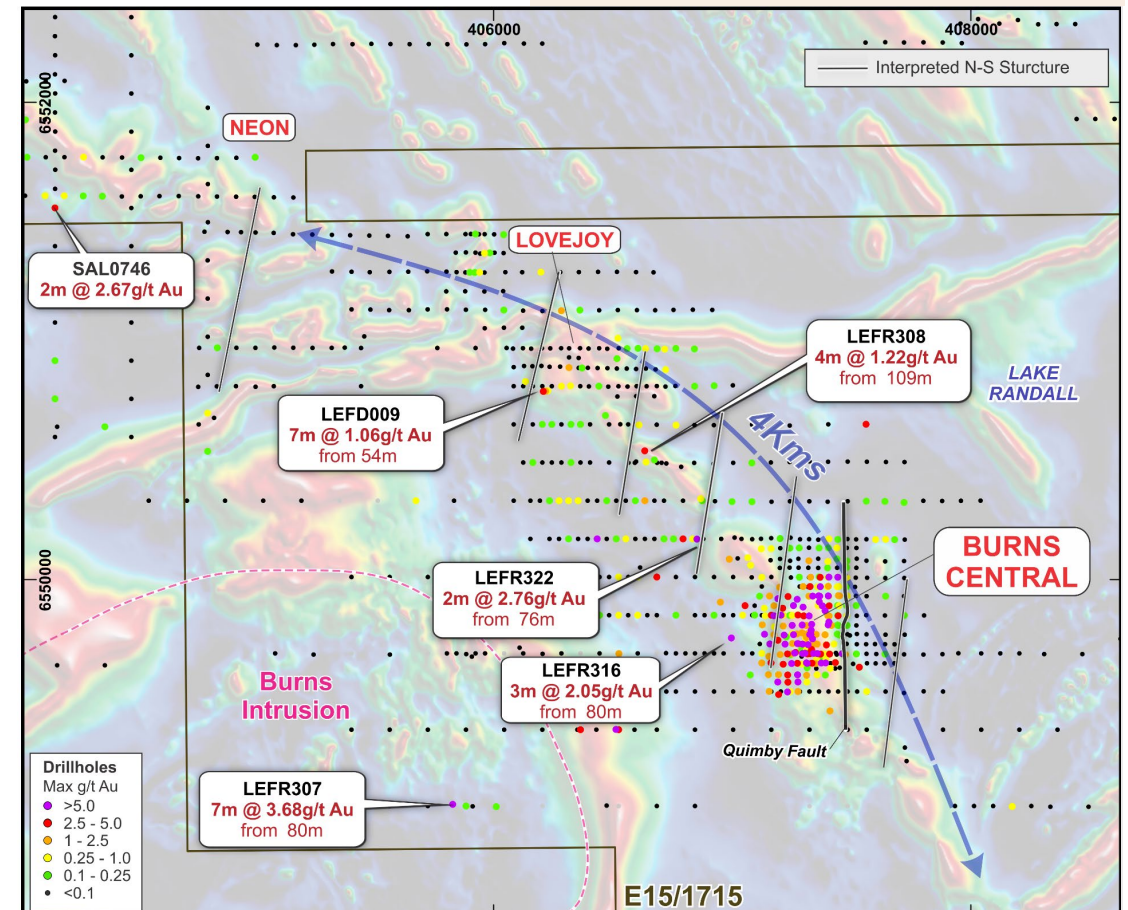

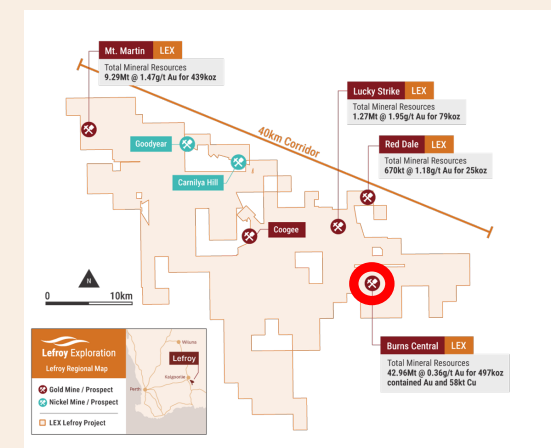

# Regional – Over 4km of Unlocked Potential

## Multiple shallow target for potential to host additional high-grade zones

- Quimby Fault corridor interpreted to control position of high-grade Au corridor at Burns Central
- 4km Northwest striking magnetic trend extending north of Burns
- Multiple faulted / structural breaks with similar orientation to Burns high-grade
- Targets: **Neon, Lovejoy, Skinner, Flanders, Smithers**
  - **LEFD009: 7m @ 1.06g/t Au from 54m;**  
including **1.3m @ 2.92 g/t Au from 55m**
- Target generation and advancement throughout FY26

\* Refer LEX ASX Announcement 29 November 2022
