The Australian British Infrastructure Catalyst returns to the Australia for 2025

The Australian British Infrastructure Catalyst (ABIC) comes back to Australia with a handpicked British leadership group to inject the latest thinking, from policy and planning reform to advanced manufacturing.

Across Sydney and Brisbane, ABIC offers knowledge exchange on lifting productivity in transport and infrastructure, tackling housing, placemaking and social license and major projects from airports to stadia.

Aims and Objectives of the 2025 Catalyst

- Build on the strong base of trade, investment and knowledge sharing in infrastructure and transport
- Unpack the growth agenda and policy priorities in the UK and Australia
- Reset thinking on lifting productivity and driving affordable cost outcomes
- Find investment to drive both economic and social outcomes
- Tackle the housing crises, from investment, to planning and progress on Modern Methods of Construction
- Spotlight on builds for airports and major event infrastructure
- Future focussed thinking to reduce supply chain risks, and grow skills and jobs
