

Birko Commercial Microwave

For fast, simple and cost-effective heating and cooking.

Powerful 1000W, single magnetron

Built to last – sturdy stainless steel inner and outer body (#304), ceramic base and non-slip rubber feet for stability.

Multi-function – clear digital display and electronic board with simple push button programming.

Versatile – includes multi power level controls and defrost mode also with simple programming.

Commercial Microwave	
Part Number	1200325
Power Rating	Single Magnetron 10 AMP
Rated output power	1000 Watt
Rated input power	1550 Watt
Voltage	230-240
Internal Shelf	NO
Weight	14.7Kg
Cavity Size	25 Litres
Cavity Dimensions (mm)	W 330 D 330 H 200
Unit Dimensions (mm)	W 511 D 364 H 311
