

Porkka Refrigerated Counter Top (PRCT)

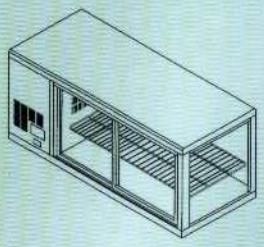

Porkka Refrigerated Counter Top is a small and smart chilled display cabinet for drinks, fruits, sandwiches, snacks, bakery products, desserts or any other food products requiring chilled sale space and good visibility.
Especially suitable for use in restaurants, cafes, service stations, supermarkets, food stalls etc.

This unit is extremely easy to use, and thanks to its small size and independent cooling unit it can be easily located at the top of a table, counter or service line.

The robust construction with stainless steel, double glass windows and backside sliding double glass doors with stainless steel frames ensure long working life for this unit. The unit has an automatic, digitally controlled cooling unit and it is equipped with bright fluorescent lamps to tempt your customers to buy your products.

SPECIFICATION

1. Outer dimension (mm)	:	1200 x 510 x 550
2. Volume Capacity	:	150 litres
3. Interior & Exterior	:	SUS 304
4. Door	:	Sliding glass door
5. Shelf	:	1 Pc
a. Materials	:	Stainless Steel
b. Dimension	:	843 x 410
c. Loading Capacity	:	± 20 kgs
6. Electricity	:	220 V, 50 Hz, 1 Ph
7. Power Consumption	:	200 W/H
8. Current Consumption	:	1,5 A
9. Cooling System	:	Blower system
10. Refrigerant	:	R 134 A
11. Insulation Density	:	40 kg/m3 Polyurethane insulation thickness 40 mm
12. Cooling Capacity	:	270 Kcal/H
13. Temperature Range	:	+2 ~ + 15° Celcius, room temperature 32° Celcius with 55 % humidity (RH)
14. Weight Approx	:	72 Kg net / 82 Kg gross with packing
