## **The Ultimate All-in-One Appliance**

Commercial grade power and incredible versatility combine to bring you the Blendtec Classic 575, the ultimate all-in-one appliance. Pre-programmed cycles make it easier than ever to create smoothies, salsas, hot soups and more.

Features include:

- 1560 watt motor
- Touchpad interface for easy cleaning
- Pre-programmed cycles: Smoothie, Clean, 60-seconds, 90-seconds
- 5 incremental speeds + Pulse
- Illuminated LCD timer displays remaining time on blends
- 8 Year warranty

### **Pre-programmed Cycles**

Duplicate your favourite restaurant's smoothies and mixed drinks at home! The Blendtec Classic 575 features a pre-programmed Smoothie cycle that creates the perfect smoothies every time, and the Clean cycle takes the work out of cleanup.

### **One Touch Timed Cycles**

The Blendtec Classic 575 offers two timed cycles that free your hands for other kitchen tasks while creating a wide range of recipes, including soups, bread dough and ice cream. Simply press the 60-or 90-second setting and let your blender do the rest.

### **Five-Speed Precision Control + Pulse**

The Blendtec Classic 575's five manual incremental speed cycles allow you to completely customise the consistency of your blend. Switch between each 50-second setting mid-cycle for the ultimate in customisation, or press the Pulse setting for a surge of blending power.

### **The WildSide Jar Takes Blending to the Extreme!**

The Blendtec® unique square jar design and wing-tipped blade pulls the mixture down through the blade, micronising ingredients for the smoothest texture possible. You want your ingredients to blend, not just spin around in circles. Blendtec's square jar forces your ingredients from the blade, up the jar sides and then straight back down to the blade again. Blendtec's commercial grade motor encased in our Blendtec Home Motor Base and patented Jar features, eliminate the

need for stir sticks or tampers. With a wide base for fast food removal and an ergonomic handle, the jar makes food preparation fast and simple.

The jar design allows for wet or dry blends. Many other blenders on the market require one jar for wet blends and a different jar for dry blends. The WildSide Jar blends large batches, saving time and handles the toughest tasks with less effort. Blendtec's patented, fifth side jar, shifts the blending vortex, virtually eliminating air pockets which produces fast, thorough blends.

## Healthier Lifestyle with Blendtec Blenders

We promote a Healthier Lifestyle with Blendtec Blenders. Using Blendtec Blenders with BPA Free Blending Jars, our customers are using our high end tools to Fuel, Nurture & Create. Backed by an 8 year warranty, blending with Blendtec is Better.
