- Dimensions (Internal): 1295mm W x 595mm D x 455mm H

Description

FED-X Six Drawer Compact Workbench Fridge - XGNS1300-6D

Maximize every inch of the food preparation corners in your establishment with this compact workbench fridge. It features a reliable and easy-to-clean worktop that makes it ideal for bakeries, cafes, restaurants, and pubs where quick access to ingredients is important to streamline the process.

Featuring Fulterer heavy-duty drawer runners on each drawer, this fridge can withstand everyday wear and tear even in a busy kitchen. The heavy-duty magnetic door seals are designed to ensure optimal cooling. Constructed using stainless steel inside and out. The internal area features rounded corners, making it super easy to clean this compact unit. Featuring user-friendly digital controls for precise temperature settings. The Stainless steel drawers are constructed at an ideal height and design that lets you quickly store or pick items from the back or front of the fridge without bending down to see the items at the back of the unit, like you would need to do in a unit with doors.

This worktop bench fridge's quality, specifications, and functionality meet food, health, and safety standards.

The unit can be placed against the wall.
