

Blendtec HP3A Home Blender

The all-in-one appliance to help you every day

Blendtec HP3A Home Blender is the all-in-one appliance that makes smoothies, fresh juice, ice cream, milkshakes, cappuccinos, margaritas, soups, sauces, bread dough, dressings, salsas and more! It replaces up to 9 other appliances with one fast easy-to-use machine, at a fraction of the cost.

Commercial Quality

You have seen the unique square jug before; for years blending professionals have used Blendtec machines in the best coffee shops, juice bars, gyms and restaurants around the world. Blendtec machines are known for producing the best, most consistent results in taste & texture. With the Blendtec HP3A Home Blender, you will enjoy the same great results in your home!

Blend Cycles

The Blendtec HP3A Home Blender comes with our exclusive Smart-Touch Technology®, which means, when a cycle button is pushed, the Blendtec HP3A Home Blender automatically speeds up and slows down, then shuts off when the cycle is complete, so recipes turn out perfect every time.

Plenty of Power

Tired of your blender not being able to crush ice? The Blendtec HP3A Home Blender has so much power (1560 Watts) it turns ice to snow and actually comes with an Ice-Crushing Guarantee.
