

Mastery

Cold Press new Generation by **zümex**

Trend, technique and technology in one same concept

A new way of understanding Cold Press

The re-interpretation of a brilliant system to create **cold press juices** that takes us another step towards natural products.

An **exclusively designed** machine **with character and style**, created to stand out.

The best combination of **power, precision and technology**.

Enhanced in every detail and designed to be the best in its category, Mastery revolutionizes the cold press system and paves the way towards the future of juices.

The most natural juice extraction

Welcome supermarkets and juice bars!

Due to its productivity, high yield and versatility, Mastery is the perfect machine for you to be able to create and personalize your Cold Press juice menu, in the easiest, fastest and cleanest manner.

Convert your business into a Juice Bar with Mastery.

Zumex design

THE ART OF CONTRAST

The lightness of its lines contrasts with the robustness of the stainless steel, forming a unique avant-garde structure.

MASTERY GREEN

Its fresh color and its curves and elegance mark the difference. Attractive and functional aspect.

COMPACT AND MOBILE DESIGN

Stainless steel wheeled structure to make it easier to move and clean.

A perfect mechanism inside and outside

SHORTER AND FOLDING HOPPER WITH BUILT-IN PUSHER

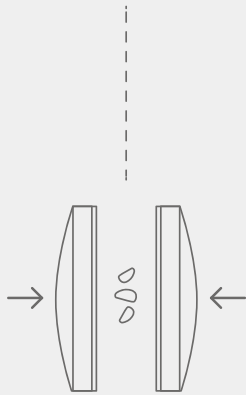

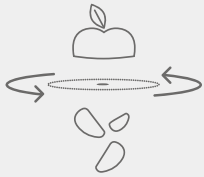

The built-in pusher helps work **fast, safely and hygienically**, thus reducing the action area to 25 cm, and making it easier to load with just one hand.

SMART POWER

Pusher with force multiplier lever to optimise the crushing process.

Its **Brushless Motor** provides the greatest torque at any speed, adapting its capacity to the different types of fruit and vegetables, achieving time and consumption saving.

FORCE, CAPACITY AND DESIGN

Stainless steel press and **11 tons force**. The press racks are designed to achieve the greater yield.

High production capacity, up to **30 gal/h** | **110 l/h**.

BUILT-IN SAFETY

It includes **pusher presence and door opening sensors** that make the cutting disc and the crusher motor of the machine stop automatically.

It also has **overload protection** and an **emergency stop** button that deactivates all the systems if needed.

ON-OFF SAFETY
SENSORS

OVERLOAD
PROTECTION

EMERGENCY
STOP BUTTON

CENTRALIZED CONTROL PANEL

Real time control of all parameters from the operation area, **crushing and pressing speed, pressing times and cycles** through the control panel with **4.3"** full-colour touch screen.

TECHNICAL FEATURES

Crusher power	1.5 kW (2 hp)
Press power	0.75 kW (1 hp)
Voltage	Single Phase 220-240 V 50 - 60 Hz
Motor	Brushless
Maximum pressure	11 tons of total power 185 bar (2610 psi)
Production capacity	Up to 30 gal/h 110 l/h
Juice tank capacity	3 gal 11 l
Dimensions	940 mm L x 735 mm W x 1.700mm H 37" x 29" x 67"
Weight	303 Kg 668 lb
Touch display	4.3" colour screen
Made of Stainless steel	AISI 304
Protection	IPX4
Certifications	CE, EMC, CB, KSA, NSF, QSQS

CHOOSE YOUR WORKING METHOD

Manual or semi-automatic

Use the different programs designed to improve its use, save time and obtain maximum performance.

Choose from among the different programs: soft fruit, hard fruit, green leaf vegetables, mix. Or configure your mode of use by **customising the times and pressing speed and number of cycles**.

4 preset programs

Soft fruit

Hard fruit

Greens

Mix

MASTERY ACCESSORIES

- 2 High efficiency press plates
- 3 Bags, one fine, one medium and one thick
- 3 Shredder discs
- 1 Tank with filter
- 1 Cleaning kit with 2 brushes and scraper

JuiceTech

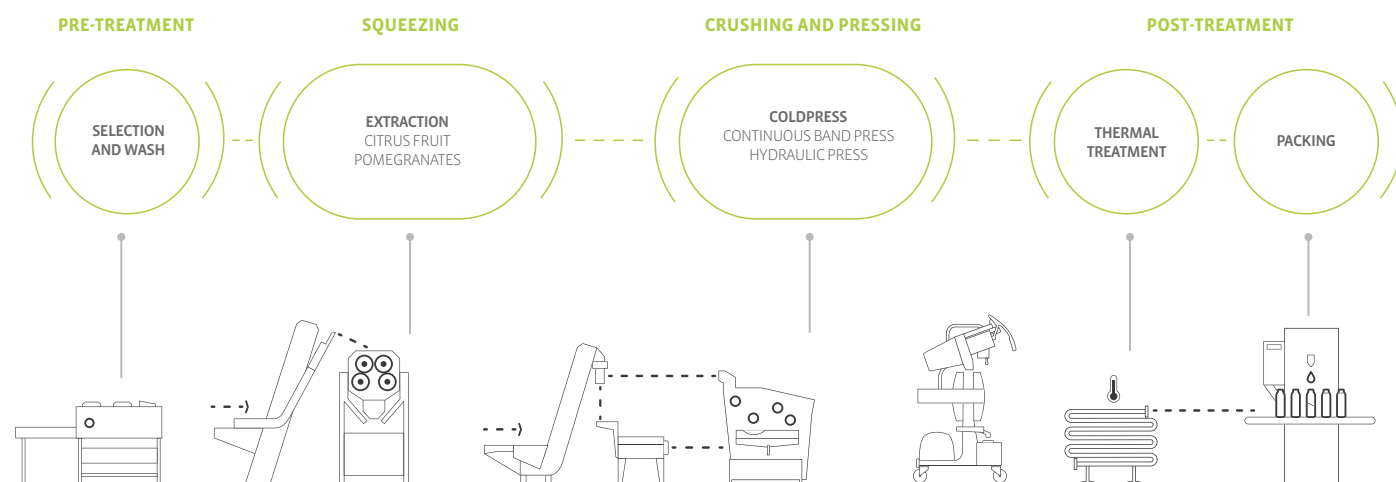

Innovative modular solutions for juice preparation

JuiceTech Solutions is a modular system for processing fruit and vegetables that adapts to every need.

The ideal solution for small and medium juice productions with **citrus fruit, pomegranates, fruit** with or without pit, and **vegetables**.

With one extraction unit our team will advise you to adapt the JuiceTech solution to the specific needs of your business.

Modular system. WE CONFIGURE YOUR INSTALLATION ACCORDING TO YOUR NEEDS
