## **The World's Quietest Blender**

Bring the absolute best commercial blender into your kitchen. Operating at the sound level of normal conversation, the Professional 800 is the quietest blender in the world and boasts the most advanced blending technology ever seen.

Features include:

- 1800 watt motor
- Illuminated, capacitive touch interface
- Pre-programmed cycles: Batters, Mixed Drinks, Smoothie, Frozen Treats, Whole Juice and Hot Soup
- 11-speed capacitive touch slider + Pulse
- Illuminated display provides feedback, information and time remaining

### **Stealth Technology**

The Professional 800 operates at a sound level that won't interrupt. Housed in a sleek, sealed sound enclosure, it features the most advanced proprietary sound dampening and airflow innovations anywhere - proving that industrial-strength power does not require industrial-strength noise.

### **11-Speed Touch Slider + Pulse**

For the ultimate precision speed control, the Professional 800 features an 11-speed capacitive touch slider. Users can blender to perfect consistency simply by sliding a finger up and down the control panel. The pulse button adds a burst of high-speed blending power.

## 6 Pre-programmed Blend Cycles

Six pre-programmed cycles are customised to blend just about any recipe - from green smoothies to margaritas to hot soups - with the touch of an icon.
