HYGEN

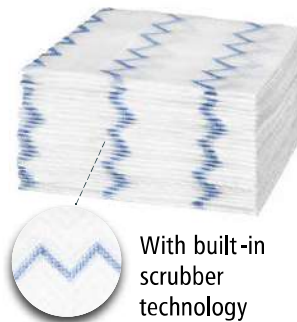

WHY HYGEN™?

KILLING MICROBES DOESN'T MAKE THEM DISAPPEAR.

Traditional disposable products lack scrubbing power, streak and smear, and cannot remove microbes, leaving behind a food source for live pathogens. HYGEN™ Disposable Microfiber eliminates the food source and combines superior microfiber with built-in scrubber technology, in a disposable application, to prevent cross-transmission and reduce the risk of healthcare-associated infections.

Built-In Scrubbers

Innovative microbe-removing technology is complemented with built-in zigzag scrubbers to effectively remove dirt without streaking or smearing.

With built-in scrubber technology
