

Established in 2007 , Pugin Power is a privately owned full service electrical contracting company, specialising in the provision of quality solutions to clients in the Service and Maintenance, Commercial fit-out, and Building Management spaces. Based on the Gold Coast and Brisbane, Pugin Power is recognised for excellence in the responsive maintenance and installation of electrical and communications infrastructure. We have partnered with businesses in the corporate, education, retail and government sectors,

### **WHY US?**

The team at Pugin Power are committed to bringing your project to life with quality installations and superior customer service. We know how important it is for your projects to run smoothly, which is why our team of technicians will go above and beyond traditional supply and install solutions to achieve a successful project.

### **Our Key Values**

#### **Safety.**

We share a personal and professional commitment to protect the health and safety of all employees, clients, and suppliers in the communities in which we operate.

#### **Accountability.**

We take responsibility for our actions, and performance, by demonstrating our commitment to delivering on what we promise.

#### **Quality.**

We are committed to quality in everything we do. This will always be the key to our core values.

#### **Integrity.**

At all times, our team acts with honesty and adheres to the highest standards of moral and ethical values.

#### **Excellence.**

We seek to exceed expectations by doing it right first time. We do this by being consistent and reliable through a culture of continuous improvement.

#### **Vision**

We want to be an industry leader known for exceptional service that is backed by quality, and supported by innovative, cost competitive solutions. Our success is underpinned by collaborative relationships with our clients, and our ongoing investment in our people
